Dear Rep. Wilson,

Just a quick note to say thanks for introducing the bill to bring back the grizzly bear license plate! I have live in Alaska since 1983 and can remember a few of these on the vehicles I'm the small rural town I grew up in. I actually still have a set of the old plates hanging in my garage that I wish I could put on my truck today. If your bill is successful I promise I will be the first one in line at the DMV to get my new plates!

I know the work you folks do down in Juneau is often difficult and divisive, but here is something I hope all lawmakers bc get behind.

Thanks, and take care.

Sincerely,

Matt Herman

Hi Representative Wilson,

I have a Grizzly plate nailed to my mailbox post here in Juneau if you want a live one so to speak.

Dear Rep. Wilson,

I am writing in support of HB 293 to bring back the grizzled bear license plate. My husband was in Alaska at the time, so we have an original. It is proudly displayed in our home and has been wherever we lived. It is so representative of Alaska!

We reside in the Mat-Su and support your efforts.

Good luck,
Marti MacKinnon

Dear: Peggy

Thank You for trying to get our old Grizzly back again. I have try to get that license plate back many times.

I received no help from any one in Juneau. This plates we have now look stupid and they do not represent our great State of Alaska. A lot of people I know want the Grizzly Plate back. I saved my old plate many years ago, it still hangs on my wall.

Thank You for time and work.

Representative Wilson,

Thanks so much for putting Bill 293 out there. I too, have noted a lot of nostalgia for that old plate (they're going for up to \$50 on ebay) and was unsure why they have never been offered. I remember years ago thinking someone should start a campaign called "Bring Back the Bear." You did this in response to one constituent, but I think that if your bill makes it, this will prove to be a popular plate. Thanks for putting the time in to do it. I'll be one of the first here in Fairbanks to get the new Bear plate. Have a great day!

Please support HB 293. I'd like to see this license plate back again too!

I believe this is a simple non-partisan bill that could be easily be approved, but I've been fooled before.

Regards,

Dave

Dear Rep. Wilson,

I remember the grizzly bear license plate of the late 1970s. Unfortunately, at a distance the bear looked much like a standing woodchuck.

If this plate is resurrected, I hope designers avoid a similar fate.

Sincerely,
Bill Diel
