Representative Thompson,

Re: HB302

The Alaska Board of Public Accountancy would like to submit this letter in support of HB302. The Board has discussed the need to repeal, clean up and add some new language under AS 08.04 at our meetings and specifically listed the items addressed in HB302 in the Boards FY13 annual report. The Board recently reviewed and discussed the draft bill at our meeting February 3-4, 2014 and supports this bill moving forward.

The Board has advised other professional groups about the proposed changes and did not receive any feedback that would indicate that there is concern over the proposed changes/additions.

The Board has designated Board member Karen Brewer-Tarver, CPA in Juneau who will be available as necessary to answer questions or testify.

Respectfully,
