

①

We, the undersigned Alaskans, hereby petition the Alaska Legislature and Governor Sean Parnell to remedy the underfunding of Alaska's public schools. The Governor's proposed increase in the base student allocation (BSA) falls far short of the amount necessary to prevent teacher layoffs and other damaging cuts. The BSA must be increased by an amount sufficient to, at a minimum, keep our public schools operating at current levels. We request that the Alaska Legislature and the Governor meet their constitutional obligation to sufficiently fund public schools.

19 We, the undersigned Alaskans, hereby petition the Alaska Legislature to remedy Governor Sean Parnell's underfunding of Alaska's public schools. The Governor's proposed increase in the base student allocation (BSA) falls far short of the amount necessary to prevent teacher layoffs and other damaging cuts. The BSA must be increased by an amount sufficient to, at a minimum, keep our public schools operating at current levels. We request that the Alaska Legislature and the Governor meet their constitutional obligation to sufficiently fund public schools.

We, the undersigned Alaskans, hereby petition the Alaska Legislature and Governor Sean Parnell to remedy the underfunding of Alaska's public schools. The Governor's proposed increase in the base student allocation (BSA) falls far short of the amount necessary to prevent teacher layoffs and other damaging cuts. The BSA must be increased by an amount sufficient to, at a minimum, keep our public schools operating at current levels. We request that the Alaska Legislature and the Governor meet their constitutional obligation to sufficiently fund public schools.

60 We, the undersigned Alaskans, hereby petition the Alaska Legislature to remedy Governor Sean Parnell's underfunding of Alaska's public schools. The Governor's proposed increase in the base student allocation (BSA) falls far short of the amount necessary to prevent teacher layoffs and other damaging cuts. The BSA must be increased by an amount sufficient to, at a minimum, keep our public schools operating at current levels. We request that the Alaska Legislature and the Governor meet their constitutional obligation to sufficiently fund public schools.

We, the undersigned Alaskans, hereby petition the Alaska Legislature and Governor Sean Parnell to remedy the underfunding of Alaska's public schools. The Governor's proposed increase in the base student allocation (BSA) falls far short of the amount necessary to prevent teacher layoffs and other damaging cuts. The BSA must be increased by an amount sufficient to, at a minimum, keep our public schools operating at current levels. We request that the Alaska Legislature and the Governor meet their constitutional obligation to sufficiently fund public schools.

~~FOR REGION III~~

We, the undersigned Alaskans hereby petition to remedy Governor Sean Parnell's underfunding of Alaska Public Schools. The governor's proposed 2014 increases toward the base student allocation (BSA) falls far short of the necessary amount to prevent teacher layoffs and other unnecessary cuts. The BSA must be increased by an amount sufficient to keep our public schools operating at current levels. We insist the governor meet his constitutional obligation to education, Alaskans and our valuable public schools.

We, the undersigned Alaskans, hereby petition the Alaska Legislature and Governor Sean Parnell to remedy the underfunding of Alaska's public schools. The Governor's proposed increase in the base student allocation (BSA) falls far short of the amount necessary to prevent teacher layoffs and other damaging cuts. The BSA must be increased by an amount sufficient to, at a minimum, keep our public schools operating at current levels. We request that the Alaska Legislature and the Governor meet their constitutional obligation to sufficiently fund public schools.
