House Concurrent Resolution 1
by Representative Bill Stoltze*

The passage of House Concurrent Resolution 1 calls of the Governor to establish a state food resource development working group with the primary goal of producing more locally grown and harvested food items to be consumed in Alaska, by Alaskans.

In addition the resolution calls on the Governor to requests multiple departments of his administration to work closely with the working group and the independent Food Policy Council to increase the production and consumption of local food items in Alaska.

Whether it be agriculture products, seafood or locally produced meat, increased local food products will lead to a healthier Alaska and enhance the economy of the entire state.

The importance and value of creating and maintaining a robust supply of Alaskan food is why the resolution is asking the Governor to establish a state food resource development working group to work with the Alaska Food Policy Council to identify resources and set policies to build a strong, sustainable healthy food system in the state.

In addition to creating the working group, this resolution calls on the governor to request the departments of his administration to work closely with the farmer's, fisherman, cattle ranchers and shellfish growers to produce more locally grown food products to consumption in Alaska, by Alaskans.
