## Why this fiscal note differs from previous version:

This Committee Substitute removes from Section 2, the requirement for the department to assign performance designations to public schools by July 1, moving it back to September as is currently stated in statute. Additionally, an annual science assessment in grades 3-10 in Section 4 has been removed by indicating use of available assessment data, which is in grades 4, 8, & 10 where status performance, but not growth, will be calculated for science.

FISCAL NOTE ANALYSIS

STATE OF ALASKA  
2013 LEGISLATIVE SESSION

BILL NO. CSHB151

**Analysis**

Sections 4 and 5:

The bill would create a dual accountability system whereby schools would receive one rating based solely upon the state requirements and a second rating based upon the ESEA requirements. This will require calculating federal accountability and reporting requirements and a new state school/district accountability model simultaneously. EED would need a minimum of three Research Analysts to calculate this additional accountability system. Two Research Analyst III, range 18 with benefits / chargeback costs: **\$153.0**. One Research Analyst IV, range 21 with benefits / charge back costs: **101.7**. **Total for FY14 = \$254.7**
