

Three proposals for alternate 7-day commercial crewmember license fee structures to limit exploitation of the system through multiple purchases:													
Flat Rate													
Non-resident 7-day license cost	\$60												
Resident 7-day license cost	\$30												
		2014											
1/2 Annual License Cost	Current	Projected											
Non-resident annual license cost	\$200	\$250											
Non-resident 7-day license cost	\$100	\$125											
Resident annual license cost	\$60	\$60											
Resident 7-day license cost	\$30	\$30											
		2014											
\$30 plus 1/3 of the Carlson Differential*	Current	Projected											
Carlson Differential	\$140	\$190											
Non-resident 7-day license cost	\$76.66	\$93.33											
Resident 7-day license cost	\$30	\$30											
*The Carlson Differential is the maximum allowable difference between the price of a resident and non-resident commercial crew license. It is currently set at \$140 , but it is projected to increase to \$190 in 2014.
