Re: Question concerning AKPFFA support of HB 113

Below is a transcript I made from the testimony of Tom Wescott, president of the Alaska Professional Fire Fighters Association to the House State Affairs Committee on March 5, 2013. The written journal is currently not available. A copy of the audio file is located here:

House State Affairs, March 5, 2013

“My name is Tom Wescott, I am president of Alaska Professional Fire Fighters and we represent seven locals from Kotzebue to Ketchikan. I am here to speak in support of House Bill 113. I’m pleased that we have worked with the fire chiefs and the council to gain their unanimous endorsement of this bill and our overall goal is just to enhance the Fire Standards Council.”

There were no questions from the committee.

I am also providing a copy of a support letter for HB 304 from the Alaska Professional Fire Firefighters Association. HB 304, in the 27th Legislature, made similar membership changes to the council. It died in Senate Rules.

If you have any questions or desire any additional information, please do not hesitate to call me.
