BILL NO. HB 167

Analysis

HB 167 amends the regulation of architects, engineers, land surveyors, and landscape architects to increase accountability of licensee work and ensure only licensed professionals are performing work within the scope of this chapter. This bill adds or amends language to existing architects, engineers, and surveyor statutes to clarify the manner and conditions for sealing and signing drawings, specifications, surveys, plats, plates, reports, or similar documents.

There is no anticipated fiscal impact to the Division of Corporation, Business and Professional Licensing.
