FISCAL NOTE ANALYSIS

STATE OF ALASKA
2013 LEGISLATIVE SESSION

BILL NO. SB 64

Analysis

This bill establishes the Alaska Sentencing Commission composed of executive, legislative, and judicial branch members, as well as members of the public. This commission is tasked with evaluating the effect of sentencing laws on the criminal justice system and providing an annual report to the governor and legislature.

The bill also makes adjustments to statutes which relate to reductions in penalties for offenders successfully completing court-ordered treatment programs. These adjustments allow an offender to receive credit against their sentence for time spent in a treatment facility which allows them to leave the grounds for limited purposes. It also allows a court to terminate the revocation of a person's license if that person successfully completes a court-ordered treatment program.

Finally, this bill requires the Commissioner of the Department of Corrections and the Board of Parole to establish a program for offenders with substance abuse problems that includes vigilant monitoring, random urinalyses, and immediate consequences for violating conditions of probation or parole.

This bill will have no fiscal impact on the Department of Corrections.
