**Subject:** In-state pipeline

Dear Senator,

I am an Alaskan voter. I live in Wasilla and I support an in-state pipeline solving the long term energy needs of Alaskan people. Please make this happen now!

**Subject:** Support of HB4

Dear Committee members:

I appreciate all of the hard work you have done this legislative session and ask that you continue with support of HB4. I believe this may be the best opportunity for citizens of the State of Alaska to get a natural gas pipeline from the North Slope and ensure that we aren't dependent on foreign imports for our gas supply.

Thank you for allowing me this comment.

Sincerely,  
Diane Hutchison

**Subject:** Please Act Now!

Dear Alaska Leaders,

I'm a small business owner who has lived in Eagle River for approximately 15 years. I'm currently trying to decide if I'll continue to live in Alaska, as I'm concerned about our near future energy crisis. If this issue isn't resolved quickly, I and many other Alaskans will be forced to move to a state that acts to ensure its residents have affordable heat, energy and sufficient infrastructure. An instate gas line is imperative to ensure the future of our future. Please act now to provide this key lifeline. I support HB4.

**Subject:** House Bill 4

Good morning,

My name is Jessica Veal and I'm a registered voter in Nikiski, AK. I'm writing to tell you I am in support of House Bill 4. It's not a want for this state, it's a NEED. With the way this poor country is falling apart, I feel Alaska needs to start taking care of itself as much as it can. Think of how much this would help the cost of fuel in the bush and all the badly needed jobs it would create!

Sincerely

--

Jessica Veal

**Subject:** HB 4

My name is Jeff Welsh. I am a registered voter with four children. I work for the USPS and own a home in Muldoon in Anchorage. I am in favor of HB 4 and ask that it be passed so we can perhaps reduce the amount we pay for gas while at the same time building the Alaskan economy.

Thank you.

Hello.

I am a registered voter in the Wasilla area.

I respectfully ask that you fully support an in-state gas pipeline.

Alaska residents, especially those in the interior, deserve all the energy support possible from our Legislature.

Energy demands need to be addressed now.

Thank you.
