

**CS FOR HOUSE JOINT RESOLUTION NO. 8(ENE)**

**IN THE LEGISLATURE OF THE STATE OF ALASKA**

**TWENTY-NINTH LEGISLATURE - FIRST SESSION**

**BY THE HOUSE SPECIAL COMMITTEE ON ENERGY**

**Offered: 2/20/15**

**Referred: Resources**

**Sponsor(s): REPRESENTATIVES TALERICO, Colver, Lynn, Millett, Hughes, Vazquez**

**A RESOLUTION**

1 **Urging the federal government to exempt the state from the Clean Power Plan and**  
2 **empower the state to protect the state's access to affordable and reliable electrical**  
3 **generation.**

4 **BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF ALASKA:**

5 **WHEREAS** the overreach by the United States Environmental Protection Agency  
6 continues to erode state rights; and

7 **WHEREAS** the United States Environment Protection Agency has proposed rules  
8 establishing carbon emissions goals for existing electrical power generators; and

9 **WHEREAS** especially egregious is the Clean Power Plan for existing power plants,  
10 which places unprecedented regulations on the nation's energy producers and threatens access  
11 to affordable and reliable energy solutions for this and other states; and

12 **WHEREAS** the state has joined with other states in asserting that the Clean Power  
13 Plan is unlawful and, in comprehensive comments, has asked to be exempt; and

14 **WHEREAS** states must outline measures for meeting Clean Power Plan goals in state  
15 plans that will be federally enforceable by the Environmental Protection Agency and through

1 citizen suits; and

2 **WHEREAS** the application of the goals of the Clean Power Plan to the state is  
3 fundamentally flawed because the goals rely on interconnection with the North American  
4 grid, to which the state is not connected; and

5 **WHEREAS** the Regulatory Commission of Alaska should be empowered to make  
6 decisions with methodology based on the lowest production costs for electrical generation;  
7 and

8 **WHEREAS** electric rate payers in the state are harmed by rate increases brought on  
9 by universal federal regulations that are inappropriate for the state; and

10 **WHEREAS** the state would benefit from minimal electrical rate increases; and

11 **WHEREAS** utilities, communities, residents, and commercial entities should be  
12 protected from any attempts to close a coal-fired power plant in the state; and

13 **WHEREAS** the state needs coal-fired power plants to ensure the reliability of the  
14 electrical energy grid; and

15 **WHEREAS** the loss of other traditional electrical generation methods may cause  
16 natural gas plants to be overused or used in ways that exceed their engineered design; and

17 **WHEREAS** renewable energy and energy efficiency measures have been  
18 implemented at significant cost to the state, but will not be credited to the carbon goal of the  
19 state; and

20 **WHEREAS** the Clean Power Plan will require the premature retirement of the Healy  
21 Unit 1 coal plant, underutilization or premature retirement of the Healy Unit 2 coal plant, and  
22 significant new investment in renewable energy and energy efficiency; and

23 **WHEREAS** fostering the development and preservation of reliable, affordable, and  
24 environmentally safe electricity for communities, homes, and businesses in the state is an  
25 essential state activity; and

26 **WHEREAS** the state is better able to deal with the issues described in this resolution  
27 than the federal government;

28 **BE IT RESOLVED** that the Alaska State Legislature urges the federal government to  
29 exempt the state from the Clean Power Plan and empower the state government, which is  
30 accountable to the people of the state, to regulate its own energy production and use in order  
31 to protect access to affordable and reliable electrical generation for residents of the state.

1           **COPIES** of this resolution shall be sent to the Honorable Barack Obama, President of  
2 the United States; the Honorable Joseph R. Biden, Jr., Vice-President of the United States and  
3 President of the U.S. Senate; the Honorable John Boehner, Speaker of the U.S. House of  
4 Representatives; the Honorable Mitch McConnell, Majority Leader of the U.S. Senate; the  
5 Honorable Orrin Hatch, President pro tempore of the U.S. Senate; the Honorable Gina  
6 McCarthy, Administrator of the U.S. Environmental Protection Agency; the Honorable Janet  
7 McCabe, acting Assistant Administrator for the Office of Air and Radiation, U.S.  
8 Environmental Protection Agency; the Honorable Lisa Murkowski and the Honorable Dan  
9 Sullivan, U.S. Senators, and the Honorable Don Young, U.S. Representative, members of the  
10 Alaska delegation in Congress; and all other members of the 114th United States Congress.
