**Cc:** Sen. Peter Micciche  
**Subject:** Senate Bill 9 Inquiry

Good morning!

I was not sure who to direct this inquiry to, I hope I am OK contacting you all. Sen. Micciche has filed SB 9 which repeals the authority to include certain material (political advertising) from a political party in the election pamphlet. We heard from the previous Director of Elections that the revenue generated by political party submissions was \$2,400 in the last election pamphlet which was less than 1% of the cost of producing and making the document. Can you verify this for us? Thank you very much.

Chuck
