HB 217: Alaska License Plate Competition Act (ALPCA) Sectional Analysis

Section 1.

Section 1 provides for the creation of new specialty license plates that commemorate the arts. The commissioner of the Department of Administration will work with the Alaska State Council on the Arts to choose a new design for the plates every four years, and retire the old one.

Section 2.

The plates will cost drivers a one time fee of \$35. The revenue generated will first cover the production of the plates, and then go to programs that benefit the arts at the discretion of the legislature.

Section 3.

The Council will hold a competition every four years and appoint a panel of judges to choose the best submissions as finalists to design the plates. The Council will organize a public vote on the finalists to select the winning design.
