Dear Alaska State Legislators,

I am writing in support of the proposal to add a Paramedic to the Alaska State Medical Board. Addition of a Paramedic member would be improve the ability of the board to regulate the several hundred licensed Paramedics. This would also give Paramedics representation on their licensing board.

Paramedics are dedicated medical professionals who provide emergency medical care to thousands of Alaskans in all parts of the state. It is time for them to be represented on the Alaska State Medical Board.

Please feel free to contact me directly if you have any questions about this proposal.

Respectfully,

Ken Zafren
