FISCAL NOTE ANALYSIS

STATE OF ALASKA **BILL NO.** SB 71
2015 LEGISLATIVE SESSION

Analysis

SB 71 expands the practice of pharmacists to include vaccination and administration of related emergency medication without a collaborative plan with a physician. The bill authorizes the Board of Pharmacy to establish training standards and independent-administration standards in regulation.

The bill augments the independence of pharmacists to administer vaccines and permits pharmacists to administer emergency medications in conjunction with administration of a vaccine, such as in the case of anaphylactic shock. This change would remove the need for a collaborative plan with a physician.

If this bill is passed, the division will require $2.5 to cover legal costs to amend regulations, printing, and postage.

Professional licensing programs within the Division of Corporations, Business and Professional Licensing are funded by receipt supported services, fund source 1156 Rcpt Svcs (DGF). Licensing fees for each program are set per AS 08.01.065 so the revenue approximately collected equals the occupation's actual regulatory costs.
