FISCAL NOTE ANALYSIS

STATE OF ALASKA
2015 LEGISLATIVE SESSION

BILL NO. SB074

Analysis

Section 2(a)(6) of this bill requires the State to reform the Medicaid program in a manner that reduces the cost of providing services to seniors and individuals with disabilities. The department will apply to the Centers for Medicare and Medicaid Services (CMS) to develop two new Medicaid funding authorities, the 1915(i) and 1915(k) State Plan options. Under these new authorities the state will realize savings in the provision of home and community-based services (HCBS).

Services under these new funding authorities will reduce general fund expenditures by replacing 100% general fund services (1915(i) option) or capturing a higher federal match rate (1915(k)).

In FY2018 the Department anticipates new costs associated with initial eligibility assessments of individuals previously served through the general fund grant programs or services. The estimated number of new assessments = 1,539. Cost per assessment = \$225.41 (not including travel). Estimated cost to manage the 1,539 initial eligibility assessments = \$346.9 in FY2018.

In FY2016, FY2017, and FY2018 the Department anticipates additional expenditures related to the "Automated Services Plan" management information system. State staff, providers, and consumers will have access to the system and a public web resource center. The Department will plan and configure substantial, necessary software changes to this system for new assessments, additional programmatic elements, and interfaces with other department data management systems. Additional user accounts and licenses, and training and support for all users, will need to be developed and supported.

Estimated costs for system changes and development = \$550.0, of which \$300.0 is eligible for enhanced federal funding at a 90% federal match, and the remaining \$250.0 is eligible for the standard 50% federal match. Much of these costs will be realized in the development years (one-third each in FY2016-FY2018), while the savings will continue and grow as overall expenditures grow.

To plan, develop, and manage the new program, beginning in FY2016 Senior and Disabilities Services will require 3 additional full-time staff: one staff person beginning in FY2016 and two more staff beginning in FY2017. These will be Health Program Manager II positions (step C) each = \$108.0; Travel = \$2.3; Services = \$3.5; Commodities = \$2.5. Regulation changes are required to implement the new options and would involve extensive public comment. The estimated effective date of regulation changes is July 2017.
