Resolution in Support of Medicaid Expansion

by Anchorage Human and Social Services Executive Directors

February, 2015

Whereas, the health and wellness of Alaskans is a Constitutional priority and is vital to each individual, family, community and our entire State;

Whereas, Alaskans have identified 25 Leading Health Priorities providing a science-based framework to guide efforts toward improving health and ensuring health equity for all Alaskans which includes access to health care;

Whereas, an estimated 40,000 of the most vulnerable Alaskans are uninsured and potentially eligible for Medicaid (*Source: Alaska Native Tribal Health Consortium. Healthier Alaskans Create a Healthier State Economy. Anchorage, AK, 2013.*);

Whereas, the State of Alaska budget deficit, due to significantly lower oil prices and declining oil production, calls for all Alaskans to work together to achieve consensus on priorities, long term financial sustainability, program performance and leveraging revenue sources;

Whereas, routine preventive care contributes to life time good health; early treatment of illness and injury make it more likely for an individual to regain their health; and, treatment in an Emergency Room is most expensive;

Whereas, access to primary care and medication is particularly significant for individuals with chronic disease such as cancer, diabetes and cardiovascular disease; and Medicaid patients are 15% more likely to be tested than uninsured. Medicaid beneficiaries with heart disease are twice as likely to take their medication appropriately, compared to those who are uninsured, and are also more likely to have their blood pressure controlled and to have been checked for high cholesterol compared to the uninsured. [*Cancer Action Network, American Diabetes Association, American Heart Association, American Stroke Association, Medicaid: An Important Source of Health Care Coverage for Patients with Chronic Disease.*];

Whereas, lack of health insurance contributes to family stress and financial instability including 154,900 Alaskans served annually by the Food Bank of Alaska network of over 300 partners:

- 56% making choices between medications/meals
- 26% of households report at least one member with diabetes
- 47% of households report at least one member with high blood pressure
- 34% have no health insurance of any kind, including Medicaid
- 56% of households report having unpaid medical bills
- 53% of clients served have incomes that are at or below the federal poverty level (\$15,510 or less for household of two)
- 27% have incomes between \$1-\$10,000 annually; 29% have incomes of \$10,001-\$20,000 annually

Whereas, good health and wellness are supporting factors in children staying and succeeding in school; adults getting and keeping a job; and, in healthy, competitive communities;

Whereas, the State of Alaska has an opportunity now to develop an Alaska Medicaid Expansion Program which meets the needs of vulnerable Alaskans, communities and Alaska as well as being an effective component of the Alaska health care system and is funded by the Federal government at least at 90% and has the potential to provide additional offsets to program expansion administration;

Whereas, Medicaid Expansion would provide a revenue stream covering a portion of the health care costs of vulnerable Alaskans and in doing so support financial stability and organization sustainability of the Alaska health safety net: community health centers, community mental health centers, tribal clinics, rural hospitals, urban hospitals;

Whereas, in FY2014, as partners in caring for vulnerable Alaskans, coalition members contributed directly to customer health or provided supports to increase the likelihood of short term and lifelong health and wellness. We

- provided 18,805 customers health care services 26,529 customers health screenings; 68,841 customers health education; \$17,690,505 donated logistical or financial assistance; 14,848 with a patient centered medical home; and, 31,793 or 84% of customers surveyed demonstrated/reported healthy behaviors and 8,073 or 84% met the terms of their health treatment plan; and,
- Served 994,312 meals/snacks/ box lunches; sheltered 17,103 homeless individuals/families; provided 24,695 households prevention services and/or income boosts; distributed 540,037 pounds of food; and 1,484 or 64% of participating customers demonstrating improved coping skills, better ability to return to daily life, *ability to return to work and/or home after completing crime or violence prevention and/or stabilization programs and 1,532 or 70% of participating customers had increased self-sufficiency levels after exiting a program operating in the community; and,*
- *1,037 children 0-5 screenings; 1,684 children provided with quality care and education services; 109,165 free books distributed to children 0-5; and, 2,167 or 89% of participating parents/families had increased knowledge of parenting and child development*
- 20,948 of youth participating in activities that promote youth development; 196 or 67% participating youth decreasing substance use; 6,000 or 69% youth more engaged with education, learning and school; and, 10,860 or 74% youth with conflict resolution skills *(Note: the information above is a sample based on data provided is based on annual reporting by partner agencies to United Way of Anchorage.); and,*
- We, our partners, business people, teachers, students and parents have been working together to increase the Anchorage School District graduation to 90% by the year 2020, and have together increased graduation rates from 59% in 2005 to 74% in 2014 which contributes as a positive determinant in lifelong health.

Therefore, we the undersigned non-profits support the following Medicaid Expansion strategies:

- Approve Medicaid Expansion
- Fix and clear backlogs for
 - the State of Alaska Medicaid eligibility determination system, Alaska's Resource for Integrated Eligibility Services (ARIES), and;
 - the payment system, Medicaid Management Information System (MMIS) prior to Medicaid Expansion
- Accept federal money for Medicaid Expansion
- Approve supplemental funding for Medicaid Expansion administration

And;

Commit to being partners in this effort by continuing to care for vulnerable Alaskans and by working with the Governor, State of Alaska Legislature, the State of Alaska Department of Health and Social Services, the business community and other stakeholders to develop a sustainable Alaska Medicaid Expansion Program.

Dear Governor Walker:

Bristol Bay Native Corporation (BBNC) supports Medicaid expansion. Medicaid expansion is critical to improving access to health care for thousands of Alaskans. Expansion will also bring the state close to a billion dollars in new federal spending over the short-term and will support programmatic reforms that will save the state additional Medicaid dollars over the long-term. Accordingly, BBNC encourages you to expand the Medicaid program.

Studies suggest that expanding Medicaid will greatly reduce the number of uninsured Alaskans and will save lives - by some estimates 30 lives a year. Without insurance many individuals are forced to ignore health issues until they become unbearable and they are forced to seek care in an emergency room. Medicaid expansion will allow these individuals to seek medical attention much earlier and in a primary care setting.

Expansion will also increase the level of substance abuse treatment and care available to many Alaskans. A disproportionate number of Alaska Natives are incarcerated for offenses that are more often than not either directly or indirectly related to alcohol and substance abuse. While incarcerated individuals can often receive substance abuse treatment while they are in state custody, there is no continuing treatment available once these individuals are released. Medicaid expansion will increase the amount of drug and alcohol counseling available outside of incarceration and should reduce recidivism rates. This is of critical importance to rural Alaska.

Medicaid expansion also makes sense from a finance perspective. In 2011, Alaska hospitals provided 90 million dollars in uncompensated emergency room care. These are costs that the state's health care system had to absorb and spread to other patients (and their insurers) through higher health care rates. Other states that have expanded Medicaid have seen their uncompensated hospital costs fall by as much as 30%. Should Alaska hospitals see a similar reduction in uninsured costs, more than 10 million dollars per year in uninsured costs could be avoided.

Alaska currently faces numerous social and fiscal challenges. Medicaid expansion offers a rare opportunity to address one of the social challenges while also bringing new federal funding to the state. From this perspective, the decision to expand the state's Medicaid program should be any easy one. We encourage your administration to work with the legislature to get this important task completed. Alaska and Alaskans stand to benefit greatly.

Dear Governor Walker,

Catholic Social Services supports efforts to expand Medicaid in July 2015 for the benefit of Alaskans, in particular for the vulnerable Alaskans who we serve.

Nearly 42,000 of our fellow Alaskans will be eligible for health coverage under Medicaid expansion. Expansion improves health outcomes by reducing the number of uninsured Alaskans by half, improving preventative and primary care access, and providing substance abuse treatment and mental health counseling.

There are significant economic benefits associated with Medicaid expansion, which is expected to bring more than \$1 billion in new federal revenue to our state, 4,000 new jobs, \$1.2 billion more in wages and salaries paid to Alaskans, and \$2.49 billion in increased economic activity over the first five years.

Federal funds will pay for 100% of services provided to the expansion population through 2016 and will transition to 90% in 2020 and beyond. Medicaid expansion will serve as a catalyst for meaningful Medicaid reform.

Thank you for your thoughtful consideration on this issue. The mission of Catholic Social Services is to compassionately serve the poor and those in need; strengthen individuals and families; and advocate for social justice. We believe our support of Medicaid expansion speaks to every element of our mission.

Sincerely,

Dear Governor Walker,

This letter is written on behalf of Doyon, Limited as a statement of support for your efforts to expand Medicaid for the benefit of Alaskans and the Alaska economy.

Doyon's mission is to continually enhance its position as a financially strong Native corporation in order to promote the economic and social well-being of its shareholders and future shareholders, to strengthen its Native way of life, and to protect and enhance its land and resources.

Through Medicaid Expansion, over 40,000 of our fellow Alaskans will be eligible for health coverage. This improves health outcomes by reducing the number of uninsured, improves preventative and primary care access, and provides substance abuse treatment and mental health counseling.

Medicaid expansion also provides significant associated economic benefits, including but not limited to more than \$1 billion in new federal revenue to our state, 4,000 new jobs, \$1.2 billion more in wages and salaries paid to Alaskans, and \$2.49 billion in increased economic activity over the first five years.

Doyon, Limited endorses Medicaid expansion, recognizing we all have an interest in ensuring that Alaskans are as productive as possible so they can contribute to our communities and economy. Again, thank you for the work you are doing on behalf of all Alaskans. If you have any questions regarding this letter, please do not hesitate to contact me at (907) 459-2000.

WHEREAS, Central Council Tlingit & Haida Indian Tribes of Alaska (Central Council) is a federally recognized tribe of more than 28,000 tribal citizens; and

WHEREAS, the Juneau Tlingit & Haida Community Council (JTHCC) is a federally recognized tribal political subdivision and subordinate entity of Central Council Tlingit & Haida Indian Tribes of Alaska. The JTHCC tribal member enrollment as of January 2015 is 6,746;

WHEREAS, nearly 42,000 of our family members, friends and neighbors have the opportunity to gain health care coverage under expansion; and

WHEREAS, Medicaid expansion will improve health outcomes by reducing the number of uninsured Alaskans by half, improving preventive and primary care access, providing substance abuse treatment and mental health counseling, and reducing the mortality rate; and

WHEREAS, Medicaid expansion brings over \$1 billion in new federal revenue into Alaska over the first five years; and

WHEREAS, studies project expansion will likely yield 4,000 new jobs, \$1.2 billion more in wages and salaries paid to Alaskans, and \$2.49 billion in increased economic activity throughout the state; and

WHEREAS, with expansion the State would save \$6.1 million in FY2016 by using federal funds to pay for health services currently paid for with state general funds; and,

WHEREAS, federal funds will pay for 100% of services provided to the expansion population through 2016 and will transition to 90% in 2020 and beyond; and

WHEREAS, the State's continued participation is contingent upon maintaining the 90% match; and

WHEREAS, Medicaid expansion will significantly reduce the burden of uncompensated care, which was over \$90 million at non-tribal Alaska hospitals in 2013; and

WHEREAS, Medicaid expansion will serve as a catalyst for meaningful Medicaid reform; and

WHEREAS, leveraging the federal resources that come with expansion is the State's biggest opportunity to finance reform efforts; and

WHEREAS, the State has the option of various Medicaid expansion demonstration projects it may also consider as part of reform; and

WHEREAS, Medicaid reform and expansion will provide for underserved tribal members: children in need of aid, pregnancies and birthing, people in prisons, mentally ill persons and veterans; and

NOW THEREFORE BE IT RESOLVED, that Juneau Tlingit & Haida Community Council endorses Medicaid expansion, recognizing we all have an interest in ensuring that Alaskans are as productive as possible so they can contribute to our communities and economy; and

BE IT FURTHER RESOLVED that Juneau Tlingit & Haida Community Council strongly urges the Alaska Legislature to expand Medicaid for the benefit of Alaskans and the Alaska economy to take effect in July 2015 and, though reform efforts should be of utmost importance, this work should not delay health care coverage for those Alaskans who would be eligible for Medicaid under expansion.

ALASKA STATE LEGISLATURE FULLY CONSIDER THE BENEFITS TO THE
RESIDENTS AND BUSINESSES OF THE KENAI PENINSULA BOROUGH WHEN
CONSIDERING THE EXPANSION OF MEDICAID UNDER THE AFFORDABLE
CARE ACT**

WHEREAS, the Affordable Care Act provides for expansion of Medicaid benefits by increasing the eligibility income level; and

WHEREAS, significant numbers of Kenai Peninsula Borough residents would become newly eligible for benefits if the State opted to agree to the Medicaid expansion; and

WHEREAS, the increase in eligible beneficiaries would provide increased care and improved health for many borough residents; and

WHEREAS, borough hospitals would see an increase in reimbursed care and a decrease in charity care; and

WHEREAS, other health care providers would see a similar benefit; and

WHEREAS, the increase in Medicaid funding would provide better health for our residents and an economic boost to the borough; and

WHEREAS, a preliminary evaluation by Northern Economics predicts for each \$1 in State funding related to Medicaid expansion, \$15.5 in new federal funds will be generated; and

WHEREAS, the evaluation also finds a net reduction of State costs because increased Medicaid eligibility will displace other costs borne by the State;

NOW, THEREFORE, BE IT RESOLVED BY THE ASSEMBLY OF THE KENAI PENINSULA BOROUGH:

SECTION 1. That the Kenai Peninsula Borough Assembly requests the State of Alaska Administration and the State Legislature to weigh heavily the great benefits that would accrue to the residents of the borough and to the borough economy while deciding whether to expand our Medicaid program.

SECTION 2. That copies of this Resolution be provided to Governor Sean Parnell and all members of the Legislature representing the Kenai Peninsula Borough.

Honorable Bill Walker
Governor, State of Alaska
PO Box 110001
Juneau, AK 99511-0001

Dear Governor Walker,

On behalf of Alaska's 13,000 education support professionals and teachers, in order to improve the health, safety, and well-being of our 130,000 public school students, I am writing to affirm NEA-Alaska's support of Medicaid expansion in Alaska.

Some may not see Medicaid expansion as an education issue. As someone who taught in our schools for over 30 years with some of Anchorage's most at-risk students, including at Clark Middle School and the McLaughlin Youth Center, I can tell you that the lack of access to quality, affordable healthcare in our communities directly impacts too many Alaskan children. When I taught at Clark and McLaughlin, I went to work every day to help as many of my students as possible to succeed and turn their lives around. I wish I could tell you that all of them did, but that is not the world we live in.

In 2014, NEA-Alaska partnered with the Anchorage Chamber of Commerce, Alaska PTA, United Way of Anchorage, Citizens for the Educational Advancement of Alaska's Children, and a number of other partners to commission a statewide study by Northern Economics on the social and environmental issues that are impacting student learning and achievement in Alaska. The results were clear: parents and teachers alike found that student learning was severely impacted by a number of issues outside the classroom, such as poverty, drug and alcohol abuse, and domestic violence. These issues leave children without safe and supportive home environments, which can lead to chronic absence, a lack of academic preparation, and low levels of student achievement.

Too many of my students had the deck stacked against them by these social and economic factors. Would Medicaid expansion solve all these issues? No, but it would surely help some of our most disadvantaged students. Medicaid expansion is no silver bullet, but it would reduce the number of uninsured Alaskans by half – extending health coverage to more than 40,000 low-income Alaskans. Many of these new enrollees will *not* have dependent children (some will, but many low-income children are already covered by Medicaid and Denali KidCare), but expanding health coverage in low-income communities and neighborhoods will improve the quality of life for all the children who live in them.

By most estimates, Medicaid expansion will bring \$1.1 billion in new federal revenue into Alaska. It will create 4,000 new jobs, \$1.2 billion more in wages and salaries, and \$2.49 billion in increased economic activity across Alaska. In addition, Medicaid expansion will create millions in cost savings for the state of Alaska at a time when we are searching for ways to close a projected \$3.5 billion budget deficit.

Honorable Bill Walker
March 16, 2015
Page 2

As educators, we are deeply committed to the success of every one of our students. Medicaid expansion will be good for the state, it will be good for the economy, but for us this issue comes down to one simple statement: Medicaid expansion will be good for our students.

Thank you for taking action on one of the most important public policy issues that will affect Alaska's students this legislative session.

Sincerely,

The Honorable Lisa Murkowski
State Senate
Alaska State Capitol
Juneau, Alaska 99801-1182

Dear Murkowski,

Nondalton Tribal Council strongly urges the Alaska Legislature to expand Medicaid in July 2015 for the benefit of Alaskans and the Alaska economy.

Nearly 42,000 of our fellow Alaskans will be eligible for health coverage under Medicaid expansion. Expansion improves health outcomes by reducing the number of uninsured Alaskans by half, improving preventative and primary care access, and providing substance abuse treatment and mental health counseling.

There are significant economic benefits associated with Medicaid expansion, which will bring more than \$1 billion in new federal revenue to our state, 4,000 new jobs, \$1.2 billion more in wages and salaries paid to Alaskans, and \$2.49 billion in increased economic activity over the first five years. We should view Medicaid expansion as an economic driver that will positively impact our state's economy as we are faced with declining oil prices and the resulting budget challenges.

In addition to new federal revenue, savings to the state budget have also been identified in the Department of Corrections, the Chronic & Acute Medical Assistance (CAMA) Program and behavioral health grants. In FY2016, the state would realize \$6.1 million in savings. Medicaid expansion is healthy for Alaskans and healthy for the state's budget. We encourage the continued internal evaluation to identify other potential savings and offsets attributable to expansion and reform.

Federal funds will pay for 100% of services provided to the expansion population through 2016 and will transition to 90% in 2020 and beyond. We support Governor Walker's position that Alaska's participation is contingent on the federal match remaining at 90%.

Medicaid expansion will serve as a catalyst for meaningful Medicaid reform. We are pleased to hear that the Department of Health & Human Services has issued an RFP for technical assistance related to reform efforts. Though reform of the current Medicaid

program should be of utmost importance, reform efforts should not delay health care coverage for those Alaskans who would be eligible for Medicaid under expansion.

Nondalton Tribal Council endorses Medicaid expansion, recognizing we all have an interest in ensuring that Alaskans are as productive as possible so they can contribute to our communities and economy.

Sincerely,

Dear Representative Seaton,

AVCP Regional Housing Authority strongly urges the Alaska Legislature to expand Medicaid in July 2015 for the benefit of Alaskans and the Alaska economy.

Nearly 42,000 of our fellow Alaskans will be eligible for health coverage under Medicaid expansion. Expansion improves health outcomes by reducing the number of uninsured Alaskans by half, improving preventative and primary care access, and providing substance abuse treatment and mental health counseling.

There are significant economic benefits associated with Medicaid expansion, which will bring more than \$1 billion in new federal revenue to our state, 4,000 new jobs, \$1.2 billion more in wages and salaries paid to Alaskans, and \$2.49 billion in increased economic activity over the first five years. We should view Medicaid expansion as an economic driver that will positively impact our state's economy as we are faced with declining oil prices and the resulting budget challenges.

In addition to new federal revenue, savings to the state budget have also been identified in the Department of Corrections, the Chronic & Acute Medical Assistance (CAMA) Program and behavioral health grants. In FY2016, the state would realize \$6.1 million in savings. Medicaid expansion is healthy for Alaskans and healthy for the state's budget. We encourage the continued internal evaluation to identify other potential savings and offsets attributable to expansion and reform.

Federal funds will pay for 100% of services provided to the expansion population through 2016 and will transition to 90% in 2020 and beyond. We support Governor Walker's position that Alaska's participation is contingent on the federal match remaining at 90%.

Medicaid expansion will serve as a catalyst for meaningful Medicaid reform. We are pleased to hear that the Department of Health & Human Services has issued an RFP for technical assistance related to reform efforts. Though reform of the current Medicaid program should be of utmost importance, reform efforts should not delay health care coverage for those Alaskans who would be eligible for Medicaid under expansion.

AVCP Regional Housing Authority endorses Medicaid expansion, recognizing we all have an interest in ensuring that Alaskans are as productive as possible so they can contribute to our communities and economy.

Sincerely,

Ron Hoffman

Dear Governor Walker,

Thank you for your efforts to expand Medicaid in Alaska under the Affordable Care Act.

United Way of Anchorage has consistently supported Medicaid expansion. Access to health care is a core goal for us, and access to insurance coverage is a critical aspect of all Alaskans planning for and taking care of their health needs. To that end, UWA has served for two years as a navigator under the Affordable Care Act, and Alaska 2-1-1 has been a focal point for getting Alaskans connected with information and assistance for ACA and other enrollment opportunities.

Going forward, we appreciate that Medicaid expansion is not just a yes/no policy decision. It begins with that, certainly, but it will take a cross-sector, systematic approach to make it happen as smoothly as possible. We stand ready to assist you and the State.

Similarly, we offer you our partnership in helping improve other health and quality of life outcomes for Alaskans. In these tough financial times, we must break down the siloes among the sectors to join forces and resources around a shared vision for Alaskans to lead stable, healthy, and safe lives. Alaska 2-1-1 serves clients statewide, with over 3000 resources in the database, and robust provider partnerships throughout the state. That, coupled with United Way of Anchorage's focus on multi sector, data driven, results-focused collaboration, is a platform for the public private partnerships we all need to measurably improve the lives of Alaskans.

RESOLUTION OF THE CITY AND BOROUGH OF JUNEAU, ALASKA

Serial No. 2724

A Resolution Urging the Alaska Legislature to Expand Medicaid Coverage to Improve the Health of Alaskans and Alaska's Economy.

WHEREAS, nearly 42,000 of our family members, friends and neighbors statewide have the opportunity to gain health care coverage under Medicaid expansion; and

WHEREAS, approximately 2,400 Juneau residents are eligible for coverage under Medicaid expansion, and 1,140 of those are expected to enroll; and

WHEREAS, Medicaid expansion will improve health outcomes by reducing the number of uninsured Alaskans by half, improving preventive and primary care access, providing substance abuse treatment and mental health counseling, and reducing the mortality rate; and

WHEREAS, Medicaid expansion brings over \$1 billion in new federal revenue into Alaska over the first five years; and

WHEREAS, Juneau enrollees alone bring in \$8.3 million in just the first year; and

WHEREAS, studies project expansion will likely yield 4,000 new jobs, \$1.2 billion more in wages and salaries paid to Alaskans, and \$2.49 billion in increased economic activity throughout the State; and

WHEREAS, Medicaid currently accounts for 23% of Bartlett Regional Hospital's patient mix; and

WHEREAS, with expansion the State would save \$6.1 million in FY2016 by using federal funds to pay for health services currently paid for with state general funds, reducing the need to cut public services; and

WHEREAS, federal funds will pay for 100% of services provided to the expansion population through 2016 and will transition to 90% in 2020 and beyond; and

WHEREAS, the State's continued participation is contingent upon maintaining the 90% match; and

WHEREAS, Medicaid expansion will significantly reduce the burden of uncompensated care, which was over \$90 million at non-tribal Alaska hospitals in 2013; and

WHEREAS, Bartlett Regional Hospital suffers charity care and bad debt expenses of \$10 - \$13 million per year; and

WHEREAS, Medicaid expansion will serve as a catalyst for meaningful Medicaid reform; and

WHEREAS, leveraging the federal resources that come with expansion is the State's biggest opportunity to finance reform efforts; and

WHEREAS, the State has the option of various Medicaid expansion demonstration projects it may also consider as part of reform.

NOW, THEREFORE, BE IT RESOLVED BY THE ASSEMBLY OF THE CITY AND BOROUGH OF JUNEAU, ALASKA:

Section 1. The City and Borough of Juneau endorses Medicaid expansion, recognizing we all have an interest in ensuring that Alaskans are as productive as possible so they can contribute to our communities and economy.

Section 2. The City and Borough of Juneau strongly urges the Alaska Legislature to expand Medicaid for the benefit of Alaskans and the Alaska economy to take effect in July 2015 and, while reform efforts are of tremendous importance, this work should not delay health care coverage for those Alaskans who would be eligible for Medicaid under expansion.

Section 3. Effective Date. This resolution shall be effective immediately after its adoption.

Adopted this 16th day of March, 2015.

The Honorable Paul Seaton
House of Representatives

Juneau, Alaska 99801-1182

Dear Representative Seaton:

The Aleutian Housing Authority (AHA) is the Tribally Designated Housing Entity for the Aleutian Pribilof Islands Region of Alaska. Our mission is, in part, to contribute to the building of healthy, stable and sustainable communities throughout our region. AHA strongly urges the Alaska Legislature to expand Medicaid in July 2015, or as soon as possible for the benefit of Alaskans and the Alaska economy.

Nearly 42,000 of our fellow Alaskans will be eligible for health coverage under Medicaid expansion. Expansion improves health outcomes by reducing the number of uninsured Alaskans by half, improving preventative and primary care access, and providing substance abuse treatment and mental health counseling.

There are significant economic benefits associated with Medicaid expansion, which will bring more than \$1 billion in new federal revenue to our state, 4,000 new jobs, \$1.2 billion more in wages and salaries paid to Alaskans, and \$2.49 billion in increased economic activity over the first five years. Medicaid expansion may serve as a catalyst for meaningful Medicaid reform and we support these discussions. We are pleased to hear that the Department of Health and Human Services has issued an RFP for technical assistance related to reform efforts. Though reform of the current Medicaid program should be of utmost importance, reform efforts should not delay health care coverage for those Alaskans who would be eligible for Medicaid under expansion.

The Aleutian Housing Authority endorses Medicaid expansion, recognizing that we all have an interest in ensuring that Alaskans are as productive as possible so they can contribute to our communities and economy.
