FISCAL NOTE ANALYSIS

STATE OF ALASKA 2015 LEGISLATIVE SESSION

Analysis

Section 6 of the bill expands Medicaid coverage to a new group: adults 19 through 64 years of age who are currently not eligible for Medicaid or Medicare who have income at or below 138% of the Federal Poverty Level (FPL) for Alaska.

In order for the division to absorb the additional applications submitted for eligibility determinations and to maintain the additional caseload of renewal and report of change information submitted by the new clients on an ongoing basis, additional permanent positions will be necessary. While the additional caseload resulting from this bill is projected to increase each year, the division will be able to find administrative efficiencies as the new staff become proficient at eligibility determinations.

The costs associated with this request are for 23 permanent positions, office space and equipment costs. To every degree possible, the division expects to fast-track the process of establishing the positions in the classification system, recruiting and hiring, and training the new staff. Additional challenges associated with this request will be locating space for the incumbents. Ongoing costs for lease space and general office supplies are included in the services lines for the out years. There will be a one-time cost for purchasing and setting up office furniture and equipment.

The division is requesting the following permanent positions to be located in offices throughout the state:

One Office Assistant II - range 10, \$63.3

One Office Assistant III - range 11, \$66.4

One Research Analyst II - range 16, \$88.8
