Subject: HB 248

I am writing to voice my support of HB 248. HB 248 is a winner. It will raise revenue as well as decrease expenses by reducing alcohol intake. Alcohol consumption has an extremely devastating effect on communities all over our state. Alcohol consumption costs lives as well as an enormous amount of state resources. Raising the alcohol tax is at least a meager attempt at recouping some of the states costs. And hopefully will discourage excess consumption. Raising prices works to influence the market for all products.

Thank you for your consideration.
