

Changes in SB 86 CS L&C

There are three main changes in the CS:

- 1) Section 2 page 2. Fuel Sold to The State for official use would be exempt
- 2) Sections 3 and 4, pages 2-4. This is a technical cleanup requested by drafting. Statutory language that is no longer applicable due to a 5 year limitation which ended in 2004, is removed from AS 43.40.010.
- 3) Adding Surcharge in section 6, page 5, AS 43.40.013 having to do with Collection.
