Subject: AMHS Service Funding 2015 budget
Date: Monday, March 30, 2015 10:31:12 AM

Hello Esteemed Finance Legislators,

I write in support of increasing AMHS funding for service in the current budget you are considering. I believe if you would be bold in funding a consistent schedule you will find ridership will increase, thus revenues will increase. This is a well known fact with any kind of transportation resembling transit service.

Additionally, Southeast Alaska will always have to rely on ferry service no matter how many hard surface roads are built and maintained.

Thank you for listening to your constituents!
