BILL NO. SB 191

### Analysis

Section 1 amends AS 08.64.326. Grounds for imposition of disciplinary sanctions.

AS 08.64.326(a) is amended to add that the State Medical Board can impose sanctions if a licensee has violated AS 14.03.092, which is described in Section 3.

Section 2 adds a new subsection to AS 08.64.331. Disciplinary sanctions.

The new subsection (g) requires the State Medical Board to suspend or revoke a medical practitioner's license to practice if the practitioner violates AS 14.03.092, which is described in Section 3.

Section 3 adds a new section AS 14.03.092. Restricting activities of abortion services providers and affiliates in public schools.

This new section prohibits an employee or a representative of an abortion services provider or an affiliate of an abortion services provider from 1) presenting or delivering any instruction or a program on any topic to students at a public school; 2) distributing materials to or displaying materials at a public school; or 3) providing materials that are created by or bears the identifying marks of the abortion services provider or the affiliate of an abortion services provider of any kind to a person who intends to use the materials for instruction, to distribute the materials, or to display the materials for students at a public school.

It also prohibits teachers, administrators, and school board members from knowingly authorizing or allowing any employee or representative of an abortion services provider or an affiliate of an abortion services provider to present or deliver any instruction or program on any topic to students or distribute materials to or display materials created by or that bears the identifying marks of the abortion services provider or the affiliate of an abortion services provider of any kind at a public school.

In a civil action, it makes liable an abortion services provider or an affiliate of an abortion services provider whose employee or representative presents or delivers any instruction or a program on any topic to students at a public school for an amount not less than \$5,000 to each aggrieved student or the student's estate.

It prohibits teachers, administrators, and school board members from receiving state funds if they authorize or allow any employee or representative of an abortion service provider or an affiliate of an abortion service provider to present or deliver any instruction or a program on any topic, distribute materials, or display materials for students at a public school. The prohibition would begin on the date of the violation and continue indefinitely.

This section also defines "abortion services provider", "affiliate of an abortion services provider", "elective abortion", "knows", "knowingly", and "teacher."

Section 4 amends subsection (a) of AS 14.20.030. Causes for revocation and suspension.
