To my state representatives: This is Roxanne Mourant, teacher of Alaska's Learning Network (AKLN)'s online course, Alaska Studies. Thank you for considering continued funding for AKLN. This program serves students throughout Alaska in ways that are not possible for many of our 400+ high schools with fewer than 20 students (as part of a K-12 program). This is a much-needed service that students need to be successful. I strongly urge you to fund SB 139 and SB 140 in support of AKLN.
