NSMIA expanded the definition of covered securities to additional exchanges, so the new language covers these as well. This exemption addresses specified options, warrants, and rights that are not federal covered securities under the Securities Act of 1933, but	16
(Securities Exchange Act of 1934) or an offer or sale of the underlying security in connection with the offer, sale, or exercise of an option or other security that was exempt when the option or other security was written or issued; or an option or a derivative security designated by the Securities and Exchange Commission under 15 U.S.C. 78i(b);		have generally always been exempted under the uniform securities acts (both 1956 and 2002). The provision also makes clear that any offer or sale of the underlying security that occurs as a result of the offer or sale of an option or other derivative security exempted under this provision or as the result of the exercise of the option or other derivative security, is covered by the exemption if the option met the terms of the exemption at the time such derivative security was written (that is, sold) or issued. Any transaction in an underlying security that results from the offer, sale, or exercise of any derivative security issued by a registered clearing agency and traded on a national securities exchange or association is exempt if the derivative security when written was exempt under 45.56. This language is consistent with federal case law (see, e.g. H. Kook & Co., Inc. v. Scheinman, Hochstin & Trotta, Inc., 414

Sec. 45.56.210. Exempt transactions. The following transactions are exempt from the requirements of AS 45.56.105, 45.56.305 - 45.56.360 and 45.56.550:	See generally 45.55.900(b)		18
(1) an isolated nonissuer transaction, whether effected by or through a broker-dealer or not, if the seller is not a promoter or controlling person as the administrator may define by regulation or order;	45.55.900(b)(9)	45.56 removes the waiver process under 45.55 which allows for the seller to request a waiver for the requirement that the seller not be a promoter or controlling person. "Controlling person" is currently defined in regulation as a person who owns more than 50% of outstanding shares of a person. Formerly, a controlling person was one who owned 10%.	18

registered under 15 U.S.C. 80a-1 - 80a-64 (Investment Company Act of 1940) in a security of a class that has been outstanding in the hands of the public for at least 90 days if, at the date of the transaction,

- (A) the issuer of the security is engaged in business, the issuer is not in the organizational stage or in bankruptcy or receivership, and the issuer is not a blank check, blind pool, or shell company that does not have a specific business plan or purpose or has indicated that its primary business plan is to engage in a merger or combination of the business with or an acquisition of an unidentified person;
- (B) the security is sold at a price reasonably related to its current market price;
- (C) the security does not constitute the whole or part of an unsold allotment to or a subscription or participation by the broker-dealer as an underwriter of the security or a redistribution;
- (D) a nationally recognized securities manual or its electronic equivalent designated by a regulation adopted or order issued under this chapter or a record filed with the Securities and Exchange Commission that is publicly available contains
- (i) a description of the business and operations of the issuer;
- (ii) the names of the issuer's executive officers and the names of the issuer's directors, if any;
- (iii) an audited balance sheet of the issuer as of a date within 18 months before the date of the transaction or, in the case of a reorganization or merger when the parties to the reorganization or merger each had an audited balance sheet, a pro forma balance sheet for the combined organization; and
- (iv) an audited income statement for each of the issuer's two immediately previous fiscal years or for the period of existence of the issuer, whichever is shorter, or, in the case of a reorganization or merger when each party to the reorganization or merger had audited income statements, a

proposed by the North American Securities Administrators Association (NASAA) and the section generally follows the NASAA amendment.

Note: Rule 419 issued under the Securities Act of 1933 defines a "blank check company" to be a company that "is a development stage company that has no specific business plan or purpose or has indicated that its business plan is to engage in a merger or acquisition with an unidentified company or companies, or other entity or person." A "blind pool" is similar and would involve an investment in a blank check or other entity with no identified business plan or purpose. A "shell company" is also similar and would involve an entity, which, to date, has no significant business assets, plan, or purpose.

pro forma income statement; and (E) any one of the following requirements is met: (i) the issuer of the security has a class of equity securities listed on a national securities exchange registered under 15 U.S.C. 78f or designated for trading on the National Association of Securities Dealers Automated Quotation System; (ii) the issuer of the security is a unit investment trust registered under 15 U.S.C. 80a-1 - 80a-64 (Investment Company Act of 1940); (iii) the issuer of the security, including its predecessors, has been engaged in continuous business for at least three years; or (iv) the issuer of the security has total assets of at least \$2,000,000 based on an audited balance sheet as of a date within 18 months before the date of the transaction or, in the case of a reorganization or merger when the parties to the reorganization or merger each had an audited balance sheet, a pro forma balance sheet for the combined organization; (3) a nonissuer transaction by or through a broker-dealer	None	This addition reflects a compromise between USA	20
registered or exempt from registration under this chapter in a security of a foreign issuer that is a margin security defined in regulations or rules adopted by the Board of Governors of the Federal Reserve System;	TVOILE	drafters and NASAA proposal (which would have required a manual exemption for specified foreign nonissuer transactions) by limiting the exemption to margin securities only, which are subject to heightened regulation by the Federal Reserve System.	20
(4) a nonissuer transaction by or through a broker-dealer registered or exempt from registration under this chapter in an outstanding security if the guarantor of the security files reports with the Securities and Exchange Commission under the reporting requirements of 15 U.S.C. 78m or 15 U.S.C. 78o (Securities Exchange Act of 1934);	None.	This provision allows nonissuer secondary trading in the securities of issuers subject to reporting requirements of the 1934 Act, which bars immediate secondary trading in nonregistered IPOs. This exemption is limited to guarantors only because if the issuer is a reporting company, the transaction is preempted from state regulation under NSMIA.	20

(5) a nonissuer transaction by or through a broker-dealer registered or exempt from registration under this chapter in a security that (A) is rated at the time of the transaction by a nationally recognized statistical rating organization in one of its four highest rating categories; or (B) has a fixed maturity or a fixed interest or dividend if (i) a default has not occurred during the current fiscal year or within the three previous fiscal years or, if the issuer has been in business less than three fiscal years, during the existence of the issuer and any predecessor in the payment of principal, interest, or dividends on the security; and (ii) the issuer is engaged in business, is not in the organizational stage or in bankruptcy or receivership, and is not and has not, within the previous 12 months, been a blank check, blind pool, or shell company that does not have a specific business plan or purpose or has indicated that its primary business plan is to engage in a merger or combination of the business with or an acquisition of an unidentified person;	See generally 45.55.900(b)(17)	Should be read with 45.56.210(2) in the bill (explains which securities transactions would be considered "exempt under this chapter") Ratings organizations include Moody's and Standard and Poor's and covers ratings from AAA-BBB. Section includes both debt securities with fixed maturity or a fixed interest rate and preferred stock with fixed dividend provisions.	20
(6) a nonissuer transaction by or through a broker-dealer registered or exempt from registration under this chapter effecting an unsolicited order or offer to purchase;	45.55.900(b)(10)	USA removes the language at the end of 45.55.900(b)(10) which stated: "however, the administrator may by regulation require that the customer acknowledge on a specified form that the sale was unsolicited, and that a signed copy of each form be preserved by the broker-dealer for a specified period." This requirement is preempted by NSMIA for federal covered securities.	20
(7) a nonissuer transaction executed by a bona fide pledgee without the purpose of evading this chapter;	45.55.900(11)	Same as 45.55.	21
(8) a nonissuer transaction by a federal covered investment adviser with investments under management in excess of \$100,000,000 acting in the exercise of discretionary authority in a signed record for the account of others;	None.	USA added because of a recognition that federal covered investment advisers are sophisticated financial professionals capable of determining the merits of a security and do not require the	21

		protections provided by requiring state	
	2.7	registration.	
(9) a transaction in a security, whether or not the security or transaction is otherwise exempt, in exchange for one or more bona fide outstanding securities, claims, or property interests, or partly in exchange for one or more bona fide outstanding securities, claims, or property interests and partly for cash if the terms and conditions of the issuance and exchange or the delivery and exchange and the fairness of the terms and conditions have been approved by the administrator after a hearing;	None.	From the USA. Provides a state counterpart to the specified exchange transaction exemption in section 3(a)(10) of the Securities Act of 1933. Commonly referred to as a "fairness hearing."	21
(10) a transaction between the issuer or other person on whose behalf the offering is made and an underwriter or among underwriters;	45.55.900(b)(1)	Same as 45.55.	21
(11) a transaction in a bond or other evidence of indebtedness secured by a real or chattel mortgage or deed of trust, or by an agreement for the sale of real estate or chattels, if the entire mortgage, deed of trust, or agreement, together with all the bonds or other evidence of indebtedness, secured under those documents, is offered and sold as a unit;	45.55.900(b)(2)	Same as 45.55.	21
(12) a transaction by an executor, administrator of an estate, sheriff, marshal, receiver, trustee in bankruptcy, guardian, or conservator;	45.55.900(b)(3)	Same as 45.55.	21
 (13) a sale or offer to sell to (A) an institutional investor; (B) a federal covered investment adviser; or (C) any other person exempted by a regulation adopted or order issued under this chapter; 	See generally 45.55.900(b)(4)	The USA language contains more inclusive language than 45.55. These are sophisticated investors which generally require less protection. Note: (B) is limited to transactions for the account of the adviser and not transactions on behalf of others by the adviser.	21

the sale of the registered security in the state be impounded	
until the issuer receives a specified amount from the sale of

of any escrow or impoundment required under this

not reject a depository institution solely because of its	
location in another state.	
(g) A regulation adopted or order issued under this chapter	
may require as a condition of registration that a security	
registered under this chapter be sold only on a specified form	
of subscription or sale contract and that a signed or	
conformed copy of each contract be filed under this chapter	
or preserved for a period specified by the regulation or order,	
not to exceed five years.	
(h) Except while a stop order is in effect under AS 45.56.360,	
a registration statement is effective for one year after the	
effective date of the registration statement or for any longer	
period designated in an order under this chapter during	
which the security is being offered or distributed in a	
nonexempted transaction by or for the account of the issuer	
or other person on whose behalf the offering is being made	
or by an underwriter or broker-dealer that is still offering part	
of an unsold allotment or subscription taken as a participant	
in the distribution. For the purposes of a nonissuer	
transaction, all outstanding securities of the same class	
identified in the registration statement as a security registered	
under this chapter are considered to be registered while the	
registration statement is effective. If any securities of the	
same class are outstanding, a registration statement may not	
be withdrawn until one year after the effective date of the	
registration statement. A registration statement may be	
withdrawn only with the approval of the administrator.	
(i) While a registration statement is effective, a regulation	

adopted or order issued under this chapter may require the person that filed the registration statement to file reports, not more often than quarterly, to keep the information or other record in the registration statement reasonably current and to disclose the progress of the offering. securities. (a) With respect to a federal covered security, as
defined in 15 U.S.C. 77r(b), that is not otherwise exempt
under AS 45.56.205 - 45.56.240, a regulation adopted or
order issued under this chapter may require the filing of any
or all of the following records:
(1) before the initial offer of a federal covered security in the
state, all records that are part of a federal registration
statement filed with the Securities and Exchange
Commission under 15 U.S.C. 77a - 77aa (Securities Act of
1933) and a consent to service of process complying with AS
45.56.630 signed by the issuer and the payment of a fee
established in a regulation adopted under this chapter;
(2) after the initial offer of the federal covered security in the
state, all records that are part of an amendment to a federal
registration statement filed with the Securities and Exchange
Commission under 15 U.S.C. 77a - 77aa (Securities Act of
1933); and

(3) to the extent necessary or appropriate to compute fees, a report of the value of the federal covered securities sold or offered to persons present in the state if the sales data are not included in records filed with the Securities and Exchange Commission and payment of a fee established in a regulation adopted under this chapter. (b) A notice filing under (a) of this section is effective for one year commencing on the later of the notice filing or the effectiveness of the offering filed with the Securities and Exchange Commission. On or before expiration, the issuer may renew a notice filing by filing a copy of those records filed by the issuer with the Securities and Exchange Commission that are required by a regulation adopted or order issued under this chapter to be filed and by paying a renewal fee established in a regulation adopted under this chapter. A previously filed consent to service of process complying with AS 45.56.630 may be incorporated by reference in a renewal. A renewed notice filing becomes effective upon the expiration of the filing being renewed. (c) With respect to a security that is a federal covered security under 15 U.S.C. 77r(b)(4)(D) (Securities Act of 1933), a regulation adopted under this chapter may require a notice filing by or on behalf of an issuer to include a copy of Form D, including the Appendix, as adopted by the Securities and Exchange Commission, and a consent to service of process complying with AS 45.56.630 signed by the issuer not later than 15 days after the first sale of the federal covered security in the state and the payment of a fee established in a regulation adopted under this chapter; and the payment of a fee established in a regulation adopted under this chapter for any late filing. (d) Except with respect to a federal security under 15 U.S.C. 77r(b)(1), if the administrator finds that there is a failure to

comply with a notice or fee requirement of this section, the

administrator may issue a stop order suspending the offer and sale of a federal covered security in the state. If the deficiency is corrected, the stop order is void as of the time of its issuance and a penalty may not be imposed by the administrator.			
Sec. 45.56.340. Viatical settlement interests. (a) Before the sale of a viatical settlement interest, an issuer shall provide a prospective buyer with information that is sufficient to make an informed investment decision. The issuer shall also provide the information to the administrator upon request if the issuer is not otherwise required to file the information with the administrator. In this subsection, "information that is sufficient to make an informed investment decision" includes state-mandated disclosure forms and a disclosure of any significant factors that may affect the outcome of the investment. (b) Except as may be required in the course of conduct of the responsibilities of the administrator, an issuer of a viatical settlement interest may not disclose to another person the identity of the viator or insured of the insurance policy that is the subject of the viatical settlement interest. The viator may waive this prohibition against disclosure if the waiver is in writing and signed by the viator. (c) The administrator shall regulate transactions between a viatical settlement provider or person acting as an agent of a viatical settlement provider and a subsequent investor, while the authority of the director of the division of insurance extends to the regulation of viatical settlement contracts under AS 21.96.110. Sec. 45.56.360. Denial, suspension, and revocation of securities registration. (a) The administrator may issue a stop order denying effectiveness to, or suspending or revoking the effectiveness of, a registration statement if the administrator finds that the order is in the public interest and that (1) the registration statement as of the effective date of the registration statement or before the effective date in the case of an order denying effectiveness, an amendment under AS 45.56.320(j) as of the effective date of the amendment, or a report under AS 45.56.320(i) is incomplete in a material respect or contains a statement that, in the light of the circumstances under which it was made, was false or misleading with respect to a material fact; (2) this chapter or a regulation adopted or order issued under this chapter or a condition imposed under this chapter has been willfully violated in connection with the offering by (A) the person filing the registration statement; (B) the issuer, a partner, officer, or director of the issuer or a person having a similar status or performing a similar function; (C) a promoter of the issuer;	45.55.120	Stop orders may be issued against promoters of the issuer in addition to the classes of people described in 45.55. The administrator is required to adopt regulations explaining what type of conduct meets the requirements of (a)(7): (7) the offering (A) will work or tend to work a fraud upon purchasers or would operate; (B) has been or would be made with unreasonable amounts of underwriters' and sellers' discounts, commissions, or other compensation, or promoters' profits or participations, or unreasonable amounts or kinds of options; or (C) is being made on terms that are unfair, unjust, or inequitable.	40

(D) a person directly or indirectly controlling or controlled by the issuer, but only if the person filing the registration statement is directly or indirectly controlled by or acting for the issuer; or (E) an underwriter; (3) the security registered or sought to be registered is the subject of a permanent or temporary injunction of a court of competent jurisdiction or an administrative stop order or similar order issued under any federal, foreign, or state law other than this chapter applicable to the offering; the administrator may not institute a proceeding against an effective registration statement under this paragraph more than one year after the date of the order or injunction on which it is based, and the administrator may not issue an order under this paragraph on the basis of an order or injunction issued under the securities act of another state unless the order or injunction was based on conduct that would constitute, as of the date of the order, a ground for a stop order under this section; (4) the issuer's enterprise or method of business includes or would include activities that are unlawful where performed; (5) with respect to a security sought to be registered under AS 45.56.305, there has been a failure to comply with the undertaking required by AS 45.56.305(b)(4); (6) the applicant or registrant has not paid the filing fee; the administrator shall void the order if the deficiency is corrected and the order was based solely on the nonpayment of the filing fee; or (7) the offering (A) will work or tend to work a fraud upon purchasers or would operate;

(B) has been or would be made with unreasonable amounts of underwriters' and sellers' discounts, commissions, or other compensation, or promoters' profits or participations, or

provided in AS 45.56.650(c); and (3) findings of fact and conclusions of law in a record. (f) The administrator may modify or vacate a stop order issued under this section if the administrator finds that the conditions that caused its issuance have changed or that it is necessary or appropriate in the public interest or for the protection of investors.			
Article 4. Broker-dealers, Agents, Investment Advisers, Investment Adviser Representatives, and Federal Covered Investment Advisers.	Article 2: Registration of Broker-Dealers, Agents, and Investment Advisers	45.55 is not very user friendly when it comes to licensing provisions. While 45.55.030 generally discusses registration of broker-dealers, agents, and investment advisers, many, but not all, of the exemptions are located within the definitions in 45.55.990. The proposed bill reorganizes all securities licensing provisions into one article which is laid out in a straightforward manner, making it much more user-friendly. The sections are organized by broker-dealers (including Canadian broker-dealers and mergers and acquisitions brokers), broker-dealer agents, investment advisers, investment adviser representatives, and federal covered investment advisers.	42
Sec. 45.56.405. Broker-dealer registration requirement and exemptions. (a) A person may not transact business in the state as a broker-dealer unless the person is registered under this chapter as a broker-dealer or is exempt from registration as a broker-dealer under (b) of this section.	45.55.030(a)	Language is the same as 030(a) but limited to broker-dealers only (not including agents)	42
(b) The following persons are exempt from the registration requirement of (a) of this section:(1) a broker-dealer without a place of business in the state if the broker-dealer's only transactions effected in the state are with(A) the issuer of the securities involved in the transactions;	See generally 45.55.990(7)	Current Alaska law explains what types of business activities are exempt in the definition of broker-dealer rather than including them in the registration statute. - (B) a broker-dealer registered as a broker-dealer under this chapter or not required to be registered as a broker-dealer under this chapter;
- (C) an institutional investor;
- (D) a nonaffiliated federal covered investment adviser with investments under management in excess of \$100,000,000 acting for the account of others under discretionary authority in a signed record;
- (E) a bona fide preexisting customer whose principal place of residence is not in the state and the person is registered as a broker-dealer under 15 U.S.C. 78a 78pp (Securities Exchange Act of 1934) or not required to be registered under 15 U.S.C. 78a 78ll (Securities Exchange Act of 1934) and is registered under the securities act of the state in which the customer maintains a principal place of residence;
- (F) a bona fide preexisting customer whose principal place of residence is in the state but who was not present in the state when the customer relationship was established if

- (ii) within 45 days after the customer's first transaction in the state, the person files an application for registration as a broker-dealer in the state and a further transaction is not effected more than 75 days after the date on which the application is filed, or, if earlier, the date on which the administrator notifies the person that the administrator has denied the application for registration or has stayed the pendency of the application for good cause;

which is much more user friendly.

The USA adds a new "snowbird exemption" at 45.56.405(b)(1)(E) and (F) in order to facilitate ongoing broker-customer relationships with customers who have established a second or other residence for such purposes as a winter home.

45.56.405(b)(G) changes the de minimis exemption to allow for an exemption from registration if the broker-dealer (firm, not agent) has less than three Alaskan customers in a 12 month period, aside from those listed in (A)-(F) and is properly registered in its home state or exempt from registration under the Securities Exchange Act of 1934. 45.55 exempts a broker-dealer who effects no more than 15 transactions within a 12 month period at the initiation and direction of the customer (provided other conditions are met). 45.56 is much more straightforward and should result in less confusion for industry, as this is a topic of many of our inquiries.

The amendment becomes effective when filed or on a date

adopted or order issued under this chapter may establish minimum financial requirements for broker-dealers registered or required to be registered under this chapter and investment advisers registered or required to be registered under this chapter.

- (b) Subject to 15 U.S.C. 78o(i) or 80b-18a, a broker-dealer registered or required to be registered under this chapter and an investment adviser registered or required to be registered under this chapter shall file the financial reports required by a regulation adopted or order issued under this chapter. If the information contained in a record filed under this subsection is or becomes inaccurate or incomplete in a material respect, the registrant shall promptly file a correcting amendment. (c) Subject to 15 U.S.C. 78o(i) or 80b-18a,
- (1) a broker-dealer registered or required to be registered under this chapter and an investment adviser registered or required to be registered under this chapter shall make and maintain the accounts, correspondence, memoranda, papers, books, and other records required by a regulation adopted or order issued under this chapter;
- (2) broker-dealer records required to be maintained under (1) of this subsection may be maintained in any form of data storage acceptable under 15 U.S.C. 78q(a) if they are readily accessible to the administrator; and
- (3) investment adviser records required to be maintained under (1) of this subsection may be maintained in any form of data storage required by a regulation adopted or order issued under this chapter.
- (d) The records of a broker-dealer registered or required to be registered under this chapter and of an investment adviser registered or required to be registered under this chapter are subject to the reasonable periodic, special, or other audits or inspections by a representative of the administrator, in or outside the state, that the administrator considers necessary

making and keeping records, bonding, or financial or operational reporting requirements except for those specifically allowed by the Securities Act of 1933. This provision only includes those specific requirements, and generally mirrors 45.55.050.

or appropriate in the public interest and for the protection of		
investors. An audit or inspection may be made at any time		
and without prior notice. The administrator may copy and		
remove for audit or inspection copies of all records the		
administrator reasonably considers necessary or appropriate		
to conduct the audit or inspection. The administrator may		
assess a reasonable charge for conducting an audit or		
inspection under this subsection.		
(e) Subject to 15 U.S.C. 78o(i) or 80b-18a, a regulation		
adopted or order issued under this chapter may require a		
broker-dealer or investment adviser that has custody of or		
discretionary authority over funds or securities of a customer		
or client to obtain insurance or post a bond or other		
satisfactory form of security in an amount established by a		
regulation adopted under this chapter. The administrator may		
determine the requirements of the insurance, bond, or other		
satisfactory form of security. Insurance or a bond or other		
satisfactory form of security may not be required of a broker-		
dealer registered under this chapter whose net capital		
exceeds, or of an investment adviser registered under this		
chapter whose minimum financial requirements exceed, the		
amounts required by a regulation adopted or order issued		
under this chapter. The insurance, bond, or other satisfactory		
form of security must permit an action by a person to		
enforce any liability on the insurance, bond, or other		
satisfactory form of security if instituted within the time		
limitations in AS 45.56.660(j)(2).		
(f) Subject to 15 U.S.C. 78o(i) or 15 U.S.C. 80b-18a, an agent		
may not have custody of funds or securities of a customer		
except under the supervision of a broker-dealer and an		
investment adviser representative may not have custody of		
funds or securities of a client except under the supervision of		
an investment adviser or a federal covered investment		
adviser. A regulation adopted or order issued under this		

chapter may prohibit, limit, or impose conditions on a broker-dealer regarding custody of funds or securities of a customer and on an investment adviser regarding custody of securities or funds of a client. (g) With respect to an investment adviser registered or required to be registered under this chapter, a regulation adopted or order issued under this chapter may require that information or other records be furnished or disseminated to clients or prospective clients in the state as necessary or appropriate in the public interest and for the protection of investors and advisory clients. (h) A regulation adopted or order issued under this chapter may require an individual registered under AS 45.56.430 or 45.56.440 to participate in a continuing education program approved by the Securities and Exchange Commission and administered by a self-regulatory organization, or, in the absence of a continuing education program, a regulation adopted or order issued under this chapter may require continuing education for an individual registered under AS 45.56.440.			
Sec. 45.56.480. Denial, revocation, suspension, withdrawal, restriction, condition, or limitation of registration. (a) If the administrator finds that the order is in the public interest and (d) of this section authorizes the action, an order issued under this chapter may deny an application, or may condition or limit registration of an applicant to be a broker-dealer, agent, investment adviser, or investment adviser representative, and, if the applicant is a broker-dealer or investment adviser, of a partner, officer, director, or person having a similar status or performing similar functions, or a person directly or indirectly in control, of the broker-dealer or investment adviser.	45.55.060	This is the enforcement provision for registrants. The sections are generally already covered in 45.55.060 but are expanded upon here for clarity, and some specific provisions are changed as noted below. (i) The administrator may not institute a proceeding under (a) - (c) of this section based solely on material facts actually known by the administrator unless an investigation or the proceeding is instituted within one year after the administrator actually acquires knowledge of the material facts.	45.55.060(c)	This provision is the same as 45.55.060(c) except that the time limit is expanded from 30 days to one year. None.	Per the USA Comments: In 1994 The Securities and Exchange Commission Division of Market Regulation published The Large Firm Project: A Review of Hiring, Retention, and Supervisory Practices (1994), which found that a small number of "rogue brokers" were responsible for a significant proportion of customer disciplinary complaints. These brokers in some instances moved from one broker-dealer firm to another, it was explained, without full and complete disclosure of disciplinary problems by the broker-dealer, because of broker-dealer firms' fear of state law defamation claims. In 1998, the NASD proposed qualified immunity for statements made in Forms U-4 and U-5 to address this problem. The rule went out for comment but was ultimately not adopted. New York and California have adopted absolute immunity by court decision.	68
		The following states have adopted qualified immunity under the USA: GA, HI, ID, IN, IA, KS, ME, MN, MS, MO, ND, OK, SC, SD, WI, and VT.

education initiatives to inform the public about investing in			
securities, with particular emphasis on the prevention and			
detection of securities fraud. In developing and implementing			
these initiatives, the administrator may collaborate with			
public and nonprofit organizations with an interest in			
investor education. The administrator may accept a grant or

(b) The following records are not public records under AS 40.25.100 – 40.25.120 and are not available for public examination under (a) of this section: (1) a record obtained by the administrator in connection with an audit, examination or inspection under AS 45.56.475(d) or an investigation under AS 45.56.645; (2) a part of a record filed in connection with a registration statement under AS 45.56.475(d) that contains trade secrets or confidential information if the person filing the registration statement or report has asserted a claim of confidentiality or privilege that is authorized by law;	See generally 45.55.910	This provision expands upon the confidentiality provision in 45.55.910 relating to investigations. administrator may take into consideration in carrying out the	
public interest the following general policies:	
(1) maximizing effectiveness of regulation for the protection	
of investors;	
(2) maximizing uniformity in federal and state regulatory	
standards; and	
(3) minimizing burdens on the business of capital formation,	
without adversely affecting essentials of investor protection.

(1) establishing or employing one or more designees as a	
central depository for registration and notice filings under	
this chapter and for records required or allowed to be

(2) developing and maintaining uniform forms;	
(3) conducting a joint examination or investigation;

(11) notifying the public of proposed regulations, forms,	
statements of policy, and guidelines;	
(12) attending conferences and other meetings among	
securities regulators, that may include representatives of	
governmental and private sector organizations involved in	
capital formation, considered necessary or appropriate to

of process complying with this section required by this

consent appointing the administrator the person's agent for			
service of process in a noncriminal action or proceeding			
against the person or the person's successor or personal			
representative under this chapter or a regulation adopted or			
order issued under this chapter after the consent is filed has			
the same force and validity as if the service were made			
personally on the person filing the consent. A person that has			
filed a consent under this subsection in connection with a			
previous application for registration or notice filing need not			
file an additional consent.			
(b) If a person, including a nonresident of the state, engages			
in an act, practice, or course of business prohibited or made			
actionable by this chapter or a regulation adopted or order			
issued under this chapter and the person has not filed a			
consent to service of process under (a) of this section, the			
act, practice, or course of business constitutes the			
appointment of the administrator as the person's agent for			

service of process in a noncriminal action or proceeding against the person or the person's successor or personal representative. (c) Service under (a) or (b) of this section may be made by providing a copy of the process to the office of the administrator, but the service is not effective unless (1) the plaintiff, which may be the administrator, promptly sends notice of the service and a copy of the process, return			
receipt requested, to the defendant or respondent at the address set out in the consent to service of process or, if a			
consent to service of process has not been filed, at the last			
known address, or takes other reasonable steps to give notice; and			
(2) the plaintiff files an affidavit of compliance with this			
subsection in the action or proceeding on or before the return day of the process, if any, or within the time that the			
court, or the administrator in a proceeding before the			
administrator, allows.			
(d) Service under (c) of this section may be used in a			
proceeding before the administrator or by the administrator			
in a civil action in which the administrator is the moving party.			
(e) If process is served under (c) of this section, the court, or			
the administrator in a proceeding before the administrator,			
shall order continuances as are necessary or appropriate to			
afford the defendant or respondent reasonable opportunity			
to defend.

applies to persons who buy or offer to buy when an offer to		
(1) buy is made in this state; or		
(2) sell is made and accepted in this state.		
(b) Unless the person is exempt elsewhere in this chapter,		
this chapter applies to a person who sells or offers to sell		
when an offer to		
(1) sell is made in this state; or		
(2) buy is made and accepted in this state.		
(c) For the purposes of this section, an offer to sell or to buy		
is made in this state, whether or not either party is then		
present in this state, when the offer		
(1) originates from this state;		
(2) is directed by the offeror to this state and received at the		
place to which it is directed, or at a post office in this state in		
the case of a mailed offer;		
(3) is for an interest or participation in an oil, gas, or mining		
right, title, or lease on land in the state, including submerged		
land, regardless of where the offer is made;		
(4) is for an interest or participation in payments out of		
production under an oil, gas, or mining right, title, or lease on		
land in the state, including submerged land, regardless of		
where the offer is made;		
(5) is for an interest or participation in real property located		
in the state, or in a corporation, a partnership, a limited		
liability company, a limited partnership, a limited liability		
partnership, an association, a joint-stock company;		
jurisdiction under this paragraph may be exercised only when		
the exercise is not inconsistent with the constitution of this		
state or of the United States.		
(d) For the purpose of this section, an offer to buy or to sell		
is accepted in this state when acceptance is communicated to		
the offeror in this state and has not previously been		
communicated to the offeror, orally or in writing, outside this		
state. Acceptance is communicated to the offeror in this		

state, whether or not either party is then present in this state, when the offeree directs it to the offeror in this state reasonably believing the offeror to be in this state and it is received at the place to which it is directed or, in the case of a mailed acceptance, a post office in this state. (e) AS 45.56 applies to investment advisers, federal covered advisers, and investment adviser representatives when any act instrumental in effecting prohibited conduct is done in this state, regardless of whether either party is then present in this state.			
Sec. 45.56.640. Regulations, forms, orders, interpretative opinions, and hearings. (a) The administrator may (1) issue forms and orders; after notice and comment, adopt and amend regulations necessary or appropriate to carry out this chapter; and repeal regulations, including regulations and forms governing registration statements, applications, notice filings, reports, and other records; (2) by regulation, define terms, whether or not used in this chapter, but those definitions may not be inconsistent with this chapter; and (3) by regulation, classify securities, persons, and transactions and adopt different requirements for different classes. (b) Under this chapter, a regulation or form may not be adopted or amended, or an order issued or amended, unless the administrator finds that the regulation, form, order, or amendment is necessary or appropriate in the public interest or for the protection of investors and is consistent with the purposes intended by this chapter. In adopting, amending, and repealing regulations and forms, AS 45.56.620 applies in order to achieve uniformity among the states and coordination with federal laws in the form and content of registration statements, applications, reports, and other records, including the adoption of uniform rules, forms, and procedures.	45.55.950 and 45.55.970	This provision combines regulations, forms, orders, interpretative opinions, and hearings into one statute, whereas in 45.55 it is divided into two. Language is updated to clarify that the administrator may require financial statements filed to be GAAP compliant only where permitted by federal law due to NSMIA.	75

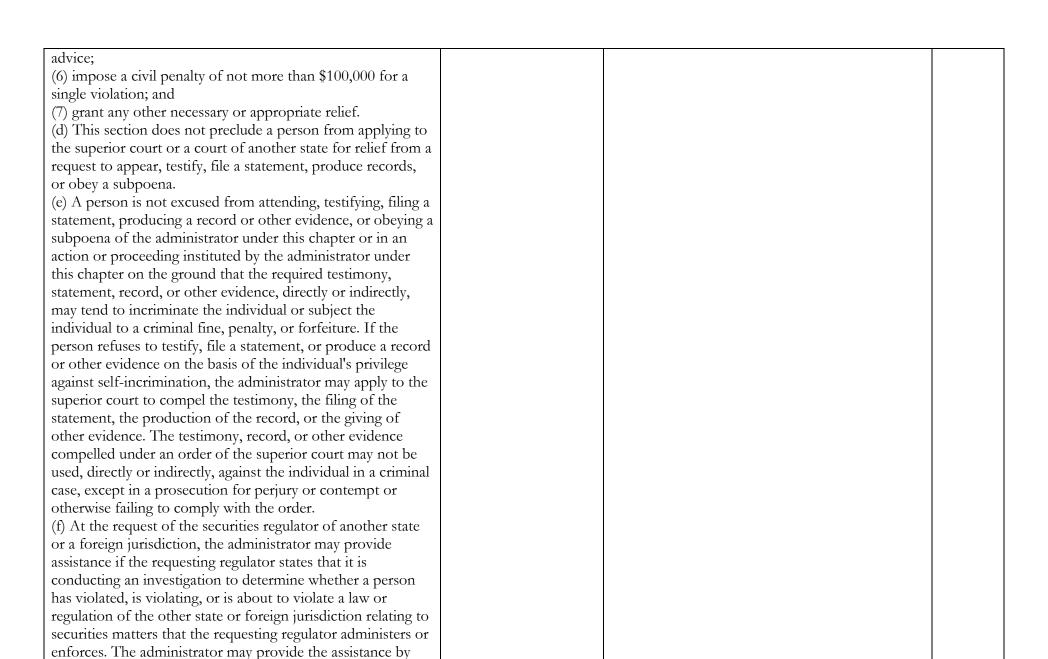

(c) Subject to 15 U.S.C. 78o(i) and 80b-18a, the administrator			
may require that a financial statement filed under this chapter			
be prepared in accordance with generally accepted accounting			
principles in the United States and comply with other			
requirements specified by regulation adopted or order issued			
under this chapter. A regulation adopted or order issued			
under this chapter may establish			
(1) subject to 15 U.S.C. 78o(i) and 80b-18a, the form and			
content of financial statements required under this chapter;			
(2) whether unconsolidated financial statements must be			
filed; and			
(3) whether required financial statements must be audited by			
an independent certified public accountant.			
(d) The administrator may provide interpretative opinions or			
issue determinations that the administrator will not institute a			
proceeding or an action under this chapter against a specified			
person for engaging in a specified act, practice, or course of			
business if the determination is consistent with this chapter.			
A regulation adopted or order issued under this chapter may			
establish a reasonable charge for interpretative opinions or			
determinations that the administrator will not institute an			
action or a proceeding under this chapter.			
(e) A hearing in an administrative proceeding under this			
chapter must be conducted in public unless the			
administrative law judge or the administrator for good cause			
consistent with this chapter determines that the hearing may			
not be conducted in public.

- (3) publish a record concerning an action, proceeding, or an investigation under, or a violation of, this chapter or a regulation adopted or order issued under this chapter if the administrator determines it is necessary or appropriate in the public interest and for the protection of investors.
- (b) For the purpose of an investigation under this chapter, the administrator or the designated officer of the administrator may administer oaths and affirmations, subpoena witnesses, seek compulsion of attendance, take evidence, require the filing of statements, and require the production of any records that the administrator considers relevant or material to the investigation.
- (c) If a person does not appear or refuses to testify, file a statement, produce records, or otherwise obey a subpoena as required by the administrator under this chapter, the administrator may refer the matter to the attorney general, who may bring an action in the superior court or a court of another state to enforce compliance. The court may
- (1) hold the person in contempt;
- (2) order the person to appear before the administrator;
- (3) order the person to testify about the matter under investigation or in question;
- (4) order the production of records;
- (5) grant injunctive relief, including restricting or prohibiting the offer or sale of securities or the providing of investment

and encourages cooperation with other states' securities administrators in their investigations as to violations or potential violations of those states' securities laws, even if the conduct would not necessarily be a violation of Alaska's securities laws. Cooperation with other jurisdictions already takes place in practice, and we are always happy to share resources if we can be of some assistance. Under this provision, the statute also makes clear that the administrator may choose to not cooperate with another jurisdiction for public policy considerations or if resources are not available.

using the authority to investigate and the powers conferred			
by this section as the administrator determines is necessary or			
appropriate. The assistance may be provided without regard			
to whether the conduct described in the request would also			
constitute a violation of this chapter or other law of this state			
if occurring in this state. In deciding whether to provide the			
assistance, the administrator may consider whether the			
requesting regulator is permitted and has agreed to provide			
assistance reciprocally within its state or foreign jurisdiction			
to the administrator on securities matters when requested,			
whether compliance with the request would violate or			
prejudice the public policy of this state, and the availability of			
resources and employees of the administrator to carry out the			
request for assistance.

The order must include a statement of any civil penalty, restitution, or costs of investigation the administrator will seek, a statement of the reasons for the order, and notice that, within 15 days after receipt of a request in a record from the person, the matter will be scheduled for a hearing. If a person subject to the order does not request a hearing and none is ordered by the administrator within 30 days after the date of service of the order, the order, including the imposition of a civil penalty, the imposition of restitution, or requirement for payment of the costs of investigation sought in a statement in the order, becomes final as to that person by operation of law. If a hearing is requested or ordered, the administrator, after notice of and opportunity for hearing to each person subject to the order, may modify or vacate the order or extend it until final determination.

- (c) If a hearing is requested or ordered under (b) of this section, a hearing must be conducted by the office of administrative hearings (AS 44.64.010) and AS 44.64.040 44.64.200 shall apply and govern.
- (d) In a final order under (b) of this section, the administrator may impose a civil penalty of not more than \$100,000 for a single violation, unless the violation of this chapter is against an older person.
- (1) In addition to a civil penalty imposed pursuant to AS 45.56.650, a person or entity who engages in any conduct prohibited by the provisions of this chapter against an older person, may be liable for an additional civil penalty of treble statutory damages.
- (A) In determining whether to impose a supplemental civil penalty under (d)(1) of this section, the administrator shall consider, in addition to other appropriate factors, the extent

single violation and \$25,000 maximum for multiple violations to \$100,000 maximum for a single violation with no limit for multiple violations. There is no longer a differentiation between knowing/intentional violations and other types. However, whether something is committed knowingly or intentionally would be a factor in determining where to set the penalty.

New: If the victim is an "older person" (defined as a natural person over 60 years old), the respondent is subject to treble damages.

New: Under (e)(1), restitution may now be ordered.

Under (e)(2), actual costs of investigation may be ordered. Currently in 3 AAC 08.015(b).

Under (e)(3), the administrator may deny the use of exemptions. The administrator may do this currently under 45.55.900(d), but only relating to specific securities transactions. This blanket provision prevents those who violate the securities act from benefitting from the use of exemptions. Currently, the administrator negotiates the denial of exemptions as may be appropriate.

The administrator may petition a court to enter a final judgment to collect a civil penalty. Such a petition does not reopen the merits of the case to be decided in Superior Court. (Same as 45.55.920(e)).

to which the following factors are present:

- (1) whether the respondent knew that the respondent's conduct was directed to an older person;
- (2) whether the respondent's conduct caused an older person to suffer severe loss or encumbrance of a primary residence, principal employment or source of income, substantial loss of property set aside for retirement or for personal and family care and maintenance, or
- (3) whether the respondent's conduct caused substantial loss of payments received under a pension or retirement plan or a government benefits program;
- (e) In a final order under (b) of this section, the administrator may
- (1) impose restitution to any person in interest for any monies or property, real or personal, that may have been acquired or transferred in violation of this chapter;
- (2) charge the actual cost of an investigation or proceeding for a violation of this chapter or a regulation adopted or order issued under this chapter; or
- (3) deny the violator of the use of any exemptions listed under this chapter.
- (f) The administrator may petition the superior court to enter a judgment against a person who is a respondent in the order for the amount of the civil penalty levied against the person.
