Dear Representative Vazquez,

I have recently learned about HB234 and want to let you know that I support the change in access to services this bill will make not only to myself but to many Alaskans. I was born and raised in Alaska and have recently had the experience of moving from one town to another. While living rurally I had an excellent relationship with a counselor and it was difficult to no longer see her. Now that I live in a different place I would love to be able to continue working with her again. HB234 will allow that to happen.

Thank you and best of luck,

Maureen Lawlor
