FISCAL NOTE ANALYSIS

**STATE OF ALASKA
2016 LEGISLATIVE SESSION**

BILL NO. HB 300

Analysis

The Commercial Fisheries Division intends to utilize existing staff under the Aquaculture Section to administer the program proposed in this legislation. The Private Nonprofit Hatchery Permit Coordinator is the primary person responsible for evaluating these permit applications. The Department of Fish and Game genetics, pathology, and management staff also contribute to the permit application review process. Permit application review generally takes six months to one year to complete. The permit fee is established in AS 16.012.010(c) at \$1,000. This fee would also apply to applications for new salmon private nonprofit hatcheries. That fee is currently \$100. The division anticipates that there will be two to three applicants per year for the first two years and then decline to an estimated one permit per year.
