[Alaska Statutes](#) > **[TITLE 35. PUBLIC BUILDINGS, WORKS, AND IMPROVEMENTS](#)** >
[CHAPTER 27. ART WORKS IN PUBLIC BUILDINGS AND FACILITIES](#)

Sec. 35.27.020. Art requirements for public buildings and facilities

- (a) A building or facility constructed after June 30, 1975, or remodeled or renovated after June 30, 1975, shall include works of art, including but not limited to sculptures, paintings, murals or objects relating to Native art.
- (b) The department, before preparing plans and specifications for buildings and facilities, shall consult with the Alaska State Council on the Arts regarding the desirability of inclusion of works of art.
- (c) At least one percent or, in the case of a rural school facility, at least one-half of one percent of the construction cost of a building or facility approved for construction by the legislature will be reserved for the following purposes: the design, construction, mounting, and administration of works of art in a school, office building, court building, vessel of the marine highway system, or other building or facility that is subject to substantial public use.
- (d) A building or facility with an estimated construction cost of less than \$ 250,000 is exempt from the requirements of this chapter unless inclusion of works of art in the design and construction of the building or facility is specifically authorized by the department.

- (g) The architect, superintendent, department, and the Alaska State Council on the Arts shall encourage the use of state cultural resources in these art works and the selection of Alaska resident artists for the commission of these art works.
