

From: [Dave Anderson](#)
To: [Senate Finance Committee](#)
Subject: Support for public broadcasting from an Alaskan
Date: Tuesday, March 31, 2015 6:15:19 PM

To whom it may concern,

I am general manager for KBBI AM890 Homer and KDLL 91.9FM Kenai/Soldotna. I am also a 61 year, lifelong resident of Alaska, born and raised in Fairbanks. I have been on the Kenai Peninsula in Anchor Point since 1977.

I have always enjoyed radio but never gave public radio a thought until I moved to. Here was intelligent radio, quality news, and such a variety of music! Over the past 35 years I have held many positions, from volunteer DJ to my current position as general manager. I've witnessed

Radio is important to Alaskans. Not everyone has a smart phone or cable or internet. When I spend time in Chinitna Bay with my wife, where she lived for 20 years, dependent on KBBI for news, weather, and Bushline messages from her family in Oregon. Two years ago it was through the Bushlines that she learned of her beloved grandmothers death. They depended on weather forecasts and Bushlines to schedule planes in to land on the beach, and hear if the flight was cancelled.

The point here is that radio reaches people with information they depend on, and likely cannot always get from current "in" technology. Residents of the Kenai Peninsula have trusted KBBI and KDLL to provide accurate and timely disaster and emergency information. This was evident during the Funny River fire last summer, the Caribou Hills wildfire of 2007, the Tracy Avenue wildfire of 2004, the severe weather and floods of 2002, not to mention several Redoubt and other volcano eruptions. Emergency responders turn to us to get their information and disaster updates out to the public impacted by these kinds of events.

You've heard a lot of testimony in support of the good work and service public radio and television provide throughout the state in so many ways.

I also strongly urge you to reconsider the proposed 100% cut. I hope the senate finance committee can join with the house committee in finding a level of reduction that helps the state's current budget problem and leaves these services intact.

And as a lifelong Alaska, I also urge the legislature to seriously consider an income tax that will keep some of the oil development dollars in state and not flying to the lower 48 daily. And reinstitute the school tax that we all paid \$10 into with our first paycheck on the job or of the year. That was in the early 70's you could go to \$25 easy. Again, my 2 cents. Thank you.

Sincerely,

David S. Anderson
