FISCAL NOTE ANALYSIS

**STATE OF ALASKA
2016 LEGISLATIVE SESSION**

BILL NO. HB 266

Analysis

This Bill stipulates that the Board of Game (board) shall solicit regulatory proposals twice a year, provide copies of the compiled proposals and notices of proposals to the public and advisory committees. Copies are to be available at local Fish and Game offices and on the board's website. The bill also defines a process for generating proposals requested by members of the board which would require a 65 day public notice period. The fiscal impact to this component is estimated at \$2.0 in anticipation of having additional advisory committee teleconferenced meetings to discuss and comment on the proposals. It is anticipated for 20 advisory committees to meet via teleconference at approximately \$100 each.

Possible regulatory changes from this bill relate to the removal of duties by the board which will require the repeal of several sections of code. The bill may require technical changes to the board's regulatory process under 5 AAC 96.600. This section guides the Board of Fisheries and may require a bifurcation of the two board's processes.
