FISCAL NOTE ANALYSIS

STATE OF ALASKA
2016 LEGISLATIVE SESSION**Analysis**

The purpose of the bill is to provide system-paid major medical coverage for PERS survivors of Peace Officer/Firefighters whose death occurs before the member's retirement and while in the performance and within the scope of the member's duties (occupational deaths). Surviving spouses and dependents would be allowed to commence subsidized medical coverage immediately upon the occupational death of a current member. This change did not impact Tier 1 members of PERS nor any members of PERS "All Others" or Teachers.

Under the existing PERS Defined Contribution Plan, no person is eligible for 100% system-paid major medical benefits. The draft bill would allow for a 100% premium subsidy for major medical benefits for eligible persons who are survivors of employees who were peace officers or firefighters. The 100% premium subsidy changes to a normal premium subsidy at Medicare age (e.g., 65). The HRA can then be used to fund the portion of the premium for which the spouse is responsible.

The PERS Defined Contribution Plan requires members to "retire directly from the plan" in order to be eligible for medical benefits. The bill removes that language from the plan only as it applies to eligible survivors of a peace officer and firefighter whose death occurs as a result of the job.

The proposed changes will be retroactive to January 1, 2013.

An actuarial analysis of this bill is pending.
