

3/25/15

Dear Senator Stedman,

MAR 30 2015

I'm writing today in support
of Medicaid Expansion for Alaska.

As a 28 year old Alaskan, I have
many friends recently graduating and getting
their first jobs who would be eligible
for Medicaid if expanded. This is an excellent
opportunity to provide crucial health insurance
to young Alaskans who will soon be
fully employed and purchasing private insurance.

As you know, an investment of \$61 million by AK
will be matched with \$1.2 billion in federal
funding, 95%, for Medicaid expansion. As
the chair of the committee for health and
social services, you have the opportunity to
insure 40,000 Alaskans, an opportunity I urge
you to accept.

JOHN MURPHY
