**Re: Senate Bill 56 - Municipal Energy Improvement Assessments/Bonds**

Dear Senator Bishop:

The Alaska Bankers Association supports economic development initiatives that lower the cost of energy and ensure adequate and reliable deliverability.

In response to the question raised by the Senate Community and Regional Affairs Committee on March 12, the Alaska Bankers Association is not opposed to Senate Bill 56 in its current form, which proposes to establish a commercial Property Assessed Clean Energy (PACE) program in Alaska that requires written consent from the lien holder.

Sincerely,
