Key Points on HB 126 & ACMJ

- HB 126 serves as enabling statute for AKNG to develop and enforce ACMJ and Non-Judicial Punishment Regulation.
- HB 126 and enabling regulations will address constitutional requirements for Due Process.
- ACMJ is the correct mechanism to assist establishment of a healthy organizational culture and maintain good order and discipline.
- Courts-martial do NOT replace civilian criminal law enforcement; strictly address MILITARY OFFENSES.
- Number of courts-martial per year difficult to forecast; AK Guard predicts infrequent steady-state utilization (<1 per year in WA and OR).
