

Alaska Alcoholic Beverage Control (ABC) Board

TITLE 4 REVIEW

Alaska Alcoholic Beverage Control (ABC) Board

Mission Statement

“The board shall control the manufacture, barter, possession, and sale of alcoholic beverages in the state. The board is vested with the powers, duties and responsibilities necessary for the control of alcoholic beverages...”

AS 04.06.090(a)

What is Title 4? Why is it important?

- Title 4 of the Alaska Statutes regulates alcoholic beverages.
- The Alcoholic Beverage Control Board, staff and law enforcement carry out these laws.

Photo: Anchorage Daily News

Why review Title 4?

- Most of Title 4 has not been updated since 1980. The laws are outdated and confusing.
- A systematic review of Title 4 helps the Board carry out its mission and will benefit communities and businesses.

Title 4 Review Process

MAY 2012

2015

More than 60 stakeholders and staff spent over 6,000 hours of dedicated time to craft these recommendations.

Recommendations by Committee

Licensing Revisions

- Decrease the number of license types and simplifies the licensing system to achieve more consistent enforcement and adherence to state alcohol regulation.
- Update license fees to support the ABC budget; adjusts wholesale license fees and simplifies supplier reporting.
- Realign the system to better enforce population limits.
- Implement a system of endorsements and permits to provide flexibility without creating more license types.
- Bring all licenses, endorsements and permits into one place in statute, removes redundant or unused types.

Role of the ABC Board Revisions

Ensure the ABC Board fairly represents the interests of all Alaskans and can lead in alcohol education, policy and control.

- Implement uniform police department reporting requirements; develop enforcement, education, and prevention plans directly connected to the matching funds.
- Allow data about alcohol purchases to be released (aggregated at the region or community level) for analysis and community self-assessment.
- Base the ABC Board budget on the activities and staffing needed to achieve the ABC Board's mission.
- Designate ABC Board seats to ensure representation by: 1 public health, 1 public safety, 2 industry and 1 rural public member; include Director's background in filling the designations.

Underage Drinking Revisions

Reform underage drinking sanctions so that **adults who supply minors with alcohol are held to greater accountability.**

- Reduce the penalty for a licensee, agent or employee selling alcohol to a minor (Sec. 04.16.052) from a class A misdemeanor to a minor offense violation.
- Increase the consistency and certainty of administrative sanctions to licensees upon conviction of violating Sec. 04.16.052.
- Require statewide keg registration.

Underage Drinking Revisions

Reform underage drinking sanctions so that **minors do not become criminals for making one poor decision.**

- Clarify required language on signs warning minors of the legal consequences of their entering licensed premises.
- Restore the minor consuming alcohol (MCA) offense to a true violation.

Local Option Revisions

Strengthen local option laws and the ability to enforce them.

- Repeal local option 4, which bans sale and importation of alcohol, but not possession.
- Increase ABC budget for dedicated Title 4 enforcement staff.
- Increase the local option boundary from a 5-mile radius to a 10-mile radius from the village center.
- Increase the misdemeanor-level fines for bootlegging and imposes additional unit fines per container of alcohol.
- Make possession of homebrew ingredients and/or equipment with intent to produce alcohol illegal in **all** local option communities.

Title 4 Revisions will help
