

HB 74 Driver's Licenses and ID Cards and REAL ID Act

Presented by
Deputy Commissioner Leslie Ridle
DMV Director Marla Thompson

Federal REAL ID Act

- **REAL ID** covers all 50 states, 5 territories and Washington, D.C.
- Establishes minimum requirements for secure issuance and production of state-issued driver licenses and IDs:
 - Requires states to verify a person's identity & lawful status
 - Requires special card design features like digital photo, signature, unique card number
 - Requires safeguards for issuance & production of licenses; i.e. clearly marking temporary, limited, or otherwise non-compliant licenses
- 26 states currently offer REAL ID compliant cards
- 19 states including Alaska have extensions allowing continued issuance and production of non-compliant cards
- States that are non-compliant – WA, MT, MN, MO, ME

HB 74 Driver's License, State IDs, REAL ID ACT

What Bill Does

- Allows DMV to offer Alaskans a choice between a REAL ID compliant driver's license or ID, or a "standard" noncompliant license or ID
- Gives DMV authority and funding to upgrade systems, equipment and processes for REAL ID/DL card production
- Allows DMV to charge additional \$5 fee for REAL ID licenses and IDs to cover increased cost of production

Why Bill is Needed

- AS 44.99.040 (a)(2) prohibits DMV from spending state funds to comply with REAL ID Act
- Without compliant ID, Alaskans will need another form of federal ID for TSA security screenings or to gain access to military bases and secure-entrance federal buildings
- REAL ID Act was designed to decrease fraud and ensure that states are checking the validity of documents presented with applications

What Will Change

- DMV will take a photo at time of application as required by Department of Homeland Security and store that image for required timeline
- DMV will validate birthdate and passport information when provided by applicant
- REAL ID/DL cards will have unique design or color indicator to clearly distinguish from noncompliant cards
- Noncompliant cards will state “Not for Federal Use”
- DL&ID’s will now be valid for 8 years instead of 5

What Won't Change

- DMV will still require the primary document, secondary document and proof of Alaska residency for compliant and noncompliant cards
- DMV will continue to background check employees
- DMV will continue to use a secure facility to produce compliant and noncompliant cards
