FISCAL NOTE ANALYSIS

STATE OF ALASKA
2017 LEGISLATIVE SESSION

Analysis

There will be zero financial impact of this bill on the Violent Crimes Compensation Board because it is assumed that any reductions in the permanent fund dividend will be absorbed by the Department of Corrections. The Violent Crimes Compensation Board currently receives an annual appropriation from the dividend fund. This appropriation is calculated by the Office of Management and Budget and is based on (a) the amount of the permanent fund dividend, calculated by the Commissioner of Revenue on an annual basis and (b) the number of individuals who are ineligible to receive a permanent fund dividend because they are incarcerated felons. This annual appropriation is used by the Board for operating costs, as well as paying compensation to victims of violent crime.

This appropriation is not the only source of funding for the Violent Crimes Compensation Board. The Board also receives an annual federal grant. However, this is a formula grant, predicated on the prior year's certified state expenditures. Thus, if less state money is available to spend on grants to victims of crime, federal funding would decrease the following year and forward. Should state spending be reduced to zero, then federal funding would also reduce to zero.
