FISCAL NOTE ANALYSIS

STATE OF ALASKA
2017 LEGISLATIVE SESSION

BILL NO. HB 110

Analysis

HB 110 provides authority for the Board of Massage Therapy to establish a license for massage therapy establishments and to develop regulation for licensing requirements. Regulating massage therapy establishments is intended to facilitate protection to the public from businesses that engage in prostitution, sex trafficking, and the employment of unlicensed persons performing massage therapy type activities.

This bill amends the qualifications for initial licensure to increase the required hours of supervised instruction and clinical work and reduce the number of hours required in safety education covering bloodborne pathogens and universal precautions.

This bill allows the board to issue an 'exemption' from licensure in the same process as it would a license.

If the bill passes the following expenses will be incurred:

Travel: \$4.6 (two trips per year to conduct onsite investigative inspections in out years)
Services: \$10.8 (costs to amend regulations, legal , printing, and postage in the first year)

The potential number of establishments affected by this bill are unknown at this time. Future costs for legal and hearing service expenses in out years are unknown.

Professional licensing programs within the Division of Corporations, Business and Professional Licensing are funded by Receipt Supported Services, fund source 1156 Rcpt Svcs (DGF). Licensing fees for each occupation are set per AS 08.01.065 so the total amount of revenue collected approximately equals the occupation's actual regulatory costs.
