FISCAL NOTE ANALYSIS

STATE OF ALASKA
2017 LEGISLATIVE SESSION

BILL NO. HB 40

Analysis

This bill would provide penalties and civil remedies for trapping or snaring within 200 feet of a campsite, recreational beach, roadside rest, scenic site, public trail, or other public facility. The department will absorb compliance costs within the normal duties of existing staff. These new trapping regulations would be added to the list of violations that Park Rangers look for during the normal course of their daily field work.
