SECTIONAL ANALYSIS

House Concurrent Resolution 1 ver O

Legislative Ethics: Voting & Conflicts

Section 1: Amends Uniform Rule 34(b) to require that a Legislator request to abstain when they have a conflict of interest that is reasonably likely to influence their vote. Clarifies that a member may not vote on their own abstention, and is required to offer a brief statement about their conflict. Changes the procedure from unanimous consent to a majority vote of the membership to allow for a member to abstain.
