FISCAL NOTE ANALYSIS

STATE OF ALASKA
2017 LEGISLATIVE SESSION

BILL NO. SB 30

Analysis

This bill provides legislative approval of a contract negotiated between the State of Alaska and Petro Star, Inc. for the sale of the state's royalty oil for a term of four years. The agreement provides for the following barrels per day: year 1 - 16,400 - 20,500; year 2 - 13,200 - 16,500; year 3 - 10,800 - 13,500; and year 4 - 8,400 - 10,500. The number of barrels per day is multiplied by a negotiated Royalty In Kind differential per barrel to arrive at the expected revenue increase.

By statute these royalties will be distributed:

49.5% Unrestricted General Fund

50% Permanent Fund

0.5% Public School Trust Fund

There will be no fiscal impact to the operating expenditures. The proposed contract is expected to generate between \$22 million and \$27 million in revenues. These revenues are in addition to the amount that would have been collected if the royalty oil sold under this contract had been disposed of in value.
