REPRESENTATIVE STEVE THOMPSON DISTRICT 2

Committee Substitute for House Bill 4 (MLV)

“An Act relating to military facility zones; and providing for an effective date.”

Military Construction money is flowing into Alaska right now. This bill ensures that Alaskans harness the maximum benefit for business development in the communities surrounding military installations.

The military industry is currently a growing, important economic sector in Alaska. The easier it is to designate military facility zones, the better for Alaska's economy.

A military facility zone is a vehicle to obtain and administer funds for business development related to military activities. The zone is established by the Department of Military and Veterans' Affairs (DMVA) in areas that are in close proximity to a military facility. Examples of qualifying facilities include Clear Air Force Station, Eielson Air Force Base, and Fort Wainwright.

If a zone is established, opportunities arise to adjacent municipalities/boroughs working on approved projects within designated military facility zones (via public/private funding sources, credit, or guarantee programs).

Before House Bill 4, the Adjutant General has to consider whether the designated area is consistent with the prevailing comprehensive plan of the municipality/borough.

Unfortunately, these comprehensive plans take time. The window for maximizing the benefit on the current and future military construction spending is small. Under current law, Alaska may not maximize the benefit during the time allotted.

A simple change has been suggested: Add the words “or local zoning ordinances” to Alaska Statute 26.30.020(c)(1). This will allow a faster process by providing DMVA increased flexibility for reviewing a proposed military facility zone based on compliance with local zoning ordinances in lieu of a revised comprehensive plan.
