### To the state of Alaska:

I'm writing on behalf of those who have been wrongfully convicted for crimes they didn't commit. The depth of what these people have gone through is indescribable to say the least. They have been cheated out of time that can never be gotten back. It's important to let those people who have been wrongfully convicted know that they haven't been forgotten and we are all still fighting for justice. It's only right that the state pass HB118 and HB127 so that people like the Fairbanks Four can go on to lead healthy, productive lives and inspire others that through faith and the right people, anything is possible. I've always been a supporter of the Fairbanks Four and hope that you, Mr. Kawasaki do everything in your power to see that these young men get compensation for their time served. Thank you for all that you do for our state.

Sincerely, Morgan King

Scott

I strongly support HB 127. I see some of the folks who have been incarcerated and any assistance we can give them to be successful is a plus for them and our community. It is also just the right and fair thing to do. Thanks for spending time on creating it. Jackie Debevec

I strongly support HB 127. For those who have been wrongly convicted of a crime, we need to stop treating them as criminals after the conviction has been overturned. Mary Ann Borchert, Fairbanks
