Louis E Weaver, CSP

Profile: **HSE Professional** with over 20 years as a senior HSE / QA and Regulatory Compliance Manager and 35 years in the Oil and Gas production, transportation and drilling Industries. With 5 years working internationally in Russia and the Marshall Islands. As a goal-oriented individual, I have strong leadership capabilities and proven abilities to work across the corporation, from the field crews to the boardroom directors. I am interested in a significant challenge in HSE management with an organization desiring to take their HSE/Q culture to the next level.

Skills:

- Qualified and experienced in all aspects of HSE/Q management a Certified Safety Professional (CSP) with a B.A., Occupational Safety and Health, as well as being an - OSHA Master Instructor for Maritime, Construction, General Industries & Disaster Site Worker including Incident Command System.
- Ability to direct corporate safety cultural changes from concept to an institutionalized standard and in the recruitment and retention of safety and training supervisors and staff members.
- Trained and experienced in Emergency Response at the Command Staff level.
- Organized, highly motivated, and detail-directed problem solver. Successfully refined and implemented several new safety improvement projects/programs.
- Proven ability to work with diversified board of directors in union and non-union environment.
- Computer literate with experience in using MS software suite

Career History:

UIC - UMIAQ, Alaska
HSE/Q Director

2011 – present

Developing and implementing ISO 9001 Quality Management System, to meet the governing criteria of our Oil & Gas producing clients for a qualified HSE program. The Management System requires a complete ground up creation of all the operational Safety, Health & Environmental Standards of a major company operating on the North Slope of Alaska. Including project-specific training requirements specific to job duties. Creation of a Fit-For-Duty Program is also being implemented through the Alaska Spine Institute as the contracted third party Occupational Medical Health evaluator for our UMIAQ employees. Current with the latest changes in the laws, regulations that frame Alaska's energy sector, including the BOEM & BSEE requirements

Belltech Mobile Alabama
