Page 4, line 31, New Section 2

ADDS a new section

Page 5, lines 1-5, inserts language to make tramadol a schedule IVA controlled substance

Explanation: Tramadol's inclusion in the schedule IVA category was recommended in the same report from the Controlled Substance Advisory Committee (CSAC) as directed the inclusion of U-47700 in the schedule I category. This amended language more closely aligns with the intent of the CSAC in their recommendations, and the intent of the Legislature in establishing the CSAC.
