### **Press Release Wording**

Nick Miller, 51 of Anchorage is a Director at a large communication company in Alaska and holds several technical certifications in his career field and is the current Chair of the Anchorage Cannabis Business Association.

Submitted: 8/9/2016 5:37:03 AM

Office of Boards and Commissions  
550 West 7<sup>th</sup> Avenue, Suite 1700  
Anchorage, AK 99501

Governor Walker,

I am the ideal candidate for appointment to the Marijuana Control board because I bring together three important skill sets and constituencies. I represent the industry, but at the same time I have worked diligently to ensure the voice of concerned communities is being heard, and I also have decades of government/community relations experience. I will bring a steady and reasonable voice to the process; something that in some ways has been missing since this effort began.

I also have extensive experience working through the public process at all levels. I have countless hours presenting projects to tribal/community councils, planning/zoning commissions, and city assemblies through my work at GCI. My work has given me the opportunity to travel throughout the State of Alaska; I have traveled as far North as Barrow, South to Metlakatla and through-out the Western villages. I believe this gives me a unique perspective to understand the opportunities and challenges we have in regulating this new industry.

Over the last 18 months I have used the experience I have gained over the last 20 years to provide meaningful public written and oral comment to the Marijuana Control Board on the Regulations. At the local level I have been very active in the public process providing oral and written comment in Anchorage and the Matsu Borough as they develop local regulations. When requested I attend public and community council meetings to present information on the state regulations and examples of what legal cannabis business might look like in the community. I also founded the Anchorage Cannabis Business Association which currently has 35 members who are in the process of filing for State and local licensing to open businesses. The goal of the association is to provide two-way communication between industry participants and local municipal government, elected officials, and council organizations by:

- Supporting responsible cannabis business practices;
- Educating Alaskans about cannabis and its growing industry;
- Promoting understanding of the current Alaska statutes concerning cannabis;
- Identifying potential industry impacts to communities and recommend mitigation strategies;

I believe that my ability to communicate and work with diverse groups will be an asset to the MCB and Industry. I will work to promote honest and respectful communications between the board, public, staff and industry. My goal is to help shape regulations that will allow Cannabis Businesses to operate and provide the public with the confidence that public safety has been addressed at all levels.

Sincerely,

  
Nick Miller
