ASSOCIATED REGULATIONS

Does the bill direct, or will the bill result in, regulation changes adopted by your agency? no
If yes, by what date are the regulations to be adopted, amended or repealed? n/a

Why this fiscal note differs from previous version:

Not applicable; initial version.

Prepared By: Pamela Leary, Director Phone: (907)465-3751
Division: Treasury Division Date: 03/20/2017 10:20 AM
Approved By: Jerry Burnett, Deputy Commissioner Date: 03/20/17
Agency: Department of Revenue

FISCAL NOTE ANALYSIS

STATE OF ALASKA
2017 LEGISLATIVE SESSION

BILL NO. SB 96

Analysis

This bill proposes to modify how the Public School Trust fund is administered. Rather than distinguish between two funds, principal and income, whereby the income of the principal fund is moved to the income fund to support the state's public school program, the funds would be combined into one fund with a new POMV revenue calculation approach to determine funds available for the public school program. The POMV (percent of market value approach) proposed would identify 4.75% of the monthly average market value of the fund for the previous three fiscal years at June 30 as available for appropriation for use in supporting the state's public school program. 4.75% of the past 3 year monthly average market value of the combined principal and income funds (for the fiscal year ended June, 2016) would have yielded an appropriation of up to \$27.4 million. While it is expected that the change will allow the Trust to be invested to achieve a greater return than under the current model, no additional costs would be incurred by the Treasury as a result of the proposed bill.
