Agency: <u>Department of Corrections</u>	

FISCAL NOTE ANALYSIS

STATE OF ALASKA
2017 LEGISLATIVE SESSION

BILL NO. HB171

Analysis

This legislation is repealing and reenacting AS 33.30.191(b) providing statutory authority for the Commissioner of Corrections to enter into contracts or cooperative agreements with public agencies, private organizations, or individuals for the productive employment of prisoners. This legislation also allows the commissioner to sell products or services to a public agency, private industry, or individuals as well as requires the commissioner to determine the prices at which the products and services are to be sold.

Passage of this legislation would provide opportunities to inmates to receive actual employment experience, be productive while serving their time, and allow them to learn new skills. The public would also benefit by being able to purchase quality product or services that may not otherwise be available in the area.

This legislation will have no immediate financial impact on the Department of Corrections as there are no contracts or cooperative agreements in place or identified at this time therefore, this fiscal note is being submitted as a zero. Future general fund program receipt authority will be requested as contracts or cooperative agreements are entered into and industries, products, and services are identified and implemented.
