Dear Representative Stutes,

I am writing to thank you for your desire to protect wild salmon and the rivers and waterways they need to survive. I live in Arizona and enjoy eating wild caught salmon a lot! My daughter lives in Homer, and we have visited her a couple of times. Your state is one of the most beautiful in this country, and, as a long time Sierra Club member and back packer, I support HB 199 and any other legislation that attempts to protect wild habitat.

Sincerely,

Rob Findlay
