Reid.harris@akleg.gov

Subject: Support for House Bill 199

Dear Representative Stutes and Members of the House Fisheries Committee,

We the 7,432 undersigned names have, over the course of the past year, added our names to the growing list of Alaskans who believe that it imperative that Alaska take steps now to update Alaska's fish habitat permitting laws.

A simple update to an old law is needed to limit damage to salmon habitat so that our wild salmon runs remain strong for future generations. Wild salmon are our legacy, and clearer protections are needed to keep our salmon runs strong for future generations.

Sincerely,

First Name	Last Name	Suffix	City	HD
