**RE: Alaska House Bill 157**

Dear Representative LeDoux:

The American Council of Life Insurers (ACLI)<sup>1</sup> strongly supports the enactment of House Bill 157 as it would update Alaska's life and health insurance guaranty association law and make it substantially similar to the NAIC *Life and Health Insurance Guaranty Association Model Act* (Model Act). Forty-three other states and the District of Columbia have already enacted legislation that is substantially similar to the Model Act.

House Bill 157 contains various Model Act provisions that would help achieve state uniformity and provide better guaranty association coverage to policyholders and contract holders residing in Alaska. These provisions include:

- \$250,000 coverage limit for structured settlement annuities
- \$250,000 coverage limit for governmental retirement benefit plans
- Coverage exclusion for Medicare Part C&D plans
- Coverage exclusion for factored structured settlement annuities

Thank you for your consideration, and if you have any questions, please feel free to contact me.

Sincerely,
